W. Talbot Ready, esq.

Dear Sir,

I arrived home from sea one week yesterday and at once where I have been for a fortnight, and at once opened the large package of papers sent me by my Brother and note your three pieces approved, and in accordance with your request, as per postal, I decide to return no. 1. Julius Caesar, remains and return endorsed by registered mail the Spartacus Hannibal and Carthage tetradrachm. I will direct my Brother to pay you £2. for the Caesar on his return to London about Sept. 1. as it is too much bother to go to bankers for so small a deposit while I am so busy.

Yours truly

Dear Sir,

We sent you this afternoon Samuel package of coins amounting £85 8/0.

Some of the numbers have no tags with them. We were writing them when we found it to[o] late and if we [illegible] got the lot off today we would have to stop and bill the coins only which we did as you are so well versed in Samuel numismatics that descriptions are unnecessary.

The coins are all unusual ones & in unusually fine condition and we difficult to find and when one finds them we worth unusual prices and cost them in Europe.

One of our London agents to whom we sent the Byzantine Medal we offered to you at £50 telling you it was worth £12 in London, have paid to H.C.P. £12 each we instructed to sell it for £13 more or much as he thought it was and anything above £12 he was to make above 12 he [illegible] we do not know. Every coin we have one returned to us for high we have sold it on price & when it.

Such coins as the Hadrians we do not [illegible] be looked on as specimen such as are usually [illegible] but are [illegible] fine coins engraving by one which above [illegible] fine.

have a very fine specimen for which we price is.

H.C.P. has sent you many fine specimens of all known coins but which we do not the Samuel [illegible] and

His purchases of Modern coins are in speculative state of preservation.

Yours respectfully

Dear Sir,

My Brother is buying very largely in Europe and in a letter received on Monday informs me that he has exhausted the $4000 (four) he had with him and requests me to send another thousand to London to be there on his return on the 25th., and I therefore write to ask you to kindly remit me the balance due $5.40.16 on Saturday, so we will receive it on Monday that we may forward it by Tuesdays mail. If you can not send all cash please send balance in notes.

Pardon my writing to you but it is under the circumstances as above. If I had this balance I have cash to the thousand.

My Brother has sent me two packages containing about $2000 worth each already - one arrived three weeks ago and the second is in Custom House. He has secured many splendid diamonds and is very successful. Expects to return Oct 25th. Yours respectfully

L. G. Parmelee, Esq.

Dear Sir,

Your letter of the 17th received. The price named for the Rosa Americana unique 2 pence of 1724 is the lowest and we believe cheap for the coin and we are confident we can obtain it. It is for instance four more valuable than a new die variety such as N.J. date under plow-beam.

We think it also in fine enough condition for the price as for coins of this metal it is fine and when a coin is unique and in very good state the condition has not the importance as in an obtainable coin of which other examples are extant.

A unique and heretofore unknown coin for duly authorized issue for this country is a great thing.

We should not wish to encourage trade for the 1776 half dollar at your estimate of it's value were perfect it would be medaled at about that figure. We think it before.

Yours respectfully

Dear Sir,

Your letter of the 16th and package enclosing check for £2.20 and coins returned £7.7.50 were received on Saturday we also five coins of yours which we returned same day by express prepaid, but had not time to write.

The Edward the Black Prince farthing was sent on approval. But it proves very difficult - almost impossible to sell you coins to speak plainly. You ask for very fine specimens of coins that were struck by hand and when we send to you a very fine example you require that it be absolutely perfect when perhaps it is almost impossible for it to have been so struck - then if we find one that is unique for its perfection and costs proportionately you say it is too high and the sale falls through again. In this we allude to previous efforts and not the present. My Brother has ~~sent~~ bought and sent me three of these coins in the endeavour to procure the best possible for you and this is the choice. That you may know how fairly the farthing is priced at £3. we will

tell you that it is better than an fine Lincoln Halfpenny is dear at £10. You may have the three for £9 if you wish and need not buy them we do not wish to force you to purchase.

Of the coins you sent we have [illegible] are returned [illegible] is stock worth £6. and of the Edward the Confessor penny we have sold both nearly as fine and for better than Saturday [illegible] £4.

We enclose [illegible] we will sell you [illegible] and return [illegible]

Dear Sir,

We have sent to you this day a selection of English and Foreign silver coins and also gold amounting to £629.75 as offered

The Leipzig 1/2 crown is extremely fine and much better than the one in trade May 27-9. The price is not based on what the latter sold for but on English valuation. The minor English silver are all selected pieces and unusually fine.

Yours respectfully

example in every particular. Firstly it is a perfectly round flan - the B. is irregular and is guarded around edge. The Spain coin is perfectly struck - the l. side of the J. B. is not so - B. Firstly. Our specimen is decidedly more powerfully executed. 2d is perfectly centered and clear entirely on. We consider we showed as justly as you also kindly intimate that our coin is worth the difference

Your requirements for this Lyceum are beyond possibilities - Time just efficacy the impression the pieces you give of ideas of what you desire, give us.

If such an example of ideal perfection appear it would be worth far more than you mention.

Dear Sir,

Your letter of the 20th was duly received yesterday. I thought the head in the Hercules Medal was the finer and in higher relief and the coin seems to me to be far superior to the specimen you sent us as ours has all the lettering round with rev. the diver in your if we recollect aright is off. Our coin is much larger and is spread so as to bear the whole type.

From your letter it seems to us, therefore that it is not feasible for anyone to buy coins so that you will purchase them, or your regulating that they shall please you in undefinable ways outside of the exact & crude nomenclature to describe.

I turned him to discuss fully the arguments you advance in regard to the Cortona but have not taken as in five minutes a collector is to be here to exhaust our importations

I do not regard the full relief Cortona Dr as less powerful for the other has come a weak impression & effect that impresses me every time I look at it & as in the B.M. Plate Cor Hercules the Giants of Hercules in first rank are more raised but the two are of equal power. Our specimen is superior to the Bilton

Dear Sir.

Your letter of the 20th was duly received yester-
day. I returned the deed to Mrs. Theodora Morris and Mr. Jones
and his letter duly and the Crain release to the Mr. Jay Mayers &
Mr. Mayers then sent us your fee and the deeds to us and sent
Mr. Mr. Morris a check for overlot rental in ft. Our car is owned

Your letter it seems to me shows that it is not possible to
compare it very close as that you will have another theme as
regards the city which please find in accordance with your letter.

Dear Sir,

Your letter of yesterday enclosing check for £63. in payment for the Theorium tetrachrum and package of coins returned 25th. were duly received to-day.

The pavilions were sent on approval and no answer in my letters.

The order for the coin was received in this way. Sir H.S. was about leaving your office after having informed you that H.S.P. had just left for Europe & was about leaving, when you said, Will you take your Brother to obtain for me a copy of pavilion of C.B.P.

Sir H.S. returned and voluntarily told you that "if it is not up to condition you will not be expected to take it" and we usually deliver the coin on approval expecting the collector to exercise a due willingness to purchase if the coin is up to requirements. He did not mention that you would approve it the perfection very exact

If the coin does not please you sufficiently to cause you to buy it you are at liberty to return it.

I am respectfully

Wm F. Ashmun Esq.

Dear Sir

We have recently received from N.C.S. some interesting and heretofore unknown colonial which he discovered and if it proved interesting and sufficiently to cause you to visit here in with a view of purchasing we should be pleased to send it on approval.

The coins is a Threepence Rose Americana of George I. dated 1724 a year later than known and also bears a different portrait to the preceding years; and may be described as follows.

Head of George I. r. laureated the ear of wheat terminating in three curves;

GEORGIUS. D:G: MA: B: FRA: ET. HIB: REX.

Reverse, Rose crowned; ROSA AMERICANA. 1724.; in scroll beneath, UTILE DULCI

In very good or fine condition for these large coins. Price $2.00.

A unique coin of a duly authorized colonial coinage for this country is certainly a great thing numismatically.

We have also recently purchased many others of wrote and the following Massachusetts shillings in uncirculated condition with brilliant original lustre, Pine Tree Coinage 1 (B.-W.). Shattuck with two strands 8, Pine Tree C. Not. Ro-G. 8 11 var. C.5 (B1, R.2 8 17. 1811 Dies, good original mint lustre, slight double strike 7/50

We have purchased magnificent lines of Foreign gold and silver coins almost and surpassing many were offered in this country before and should be pleased to send selections on approval if desired.

We do not wish to sell, either, if we are interested in any coins outside of United States Coins.

Yours truly

Very good a fine for this large coin. Eroded surface in parts and cracked under bust-head fine. Price £200.

in payment of bill forwarded for which we are very much obliged. We enclose receipted bill.

We consider the Wilno melt worth the price $30 and will prove our opinion by informing you that we gave $25. each for it. It is excessively rare and we do not expect to meet with a better specimen for this is not warned by circulation and all are unevenly struck.

The slight streak in planchet of 1811 dime could not be removed as it is another metal in the dime but we do not think it disfigured by it though we counted it at a much less price on account of it.

The 1804 dollar is beyond all probability bogus—never heard of the specimen.

Dear Sir

Having telephoned to advise me that you write that he has purchased the collection of English Tokens of Dr. Trendenthal, deceased, of Pennsylvania.

It is well known to me that the finest collection of this series of tokens ever formed is the finest condition - nearly all proof and brilliant uncirculated, and which cost him $20.00 to $40.00 each.

We offer you the collection intact for $250. and if you will buy it we would ask you to telegraph us on receipt of this letter to N.Y. the sum of $250 and we will cable you £ sterling to H.C.P. in London where he resides, as he has a good offer for some dealer there which he will probably accept if we cannot sell it here.

The above price would be an average of 62 cents and which would be very low price as after you get me the 300 common ones, which are all duplicates, the value would average far above that figure and we believe we offer you a bargain.

We will make a further inducement - we will allow you the price you have paid us for all specimens bought of us through us and fair valuation for all you have from other sources.

Dr. Trendenthal made the collection some 30 to 40 years ago and was known as a liberal patron of the London dealers and when the former would of us from this town he used to purchased it when they were [illegible] and would [illegible] with him for it.

This is a most unusual opportunity and if taken by you would make with your London Tokens the greatest collection of English Tokens in the world.

Dear Sir,

Your letter of Aug. 31st enclosing check for £41.80 and package of coins returned £587.8, was duly received and should have been acknowledged ere this but Mother has had another attack and this with my own illness & the pressure of business, and finish'g things up in readiness for leaving home has occupied my whole time.

I was astonished you did not accept the Objects Commission we have given repeated notice for a very fine specimen and you were willing to advance as the price £35. the specimen brought in sale on which we had said £30. We thought ourselves to secure as fine or a finer one which latter we did as the buyer of the sale piece said there is no gain, and it cost us very dearly and as I wrote before the price you is based on its value and uninfluenced by your orders.

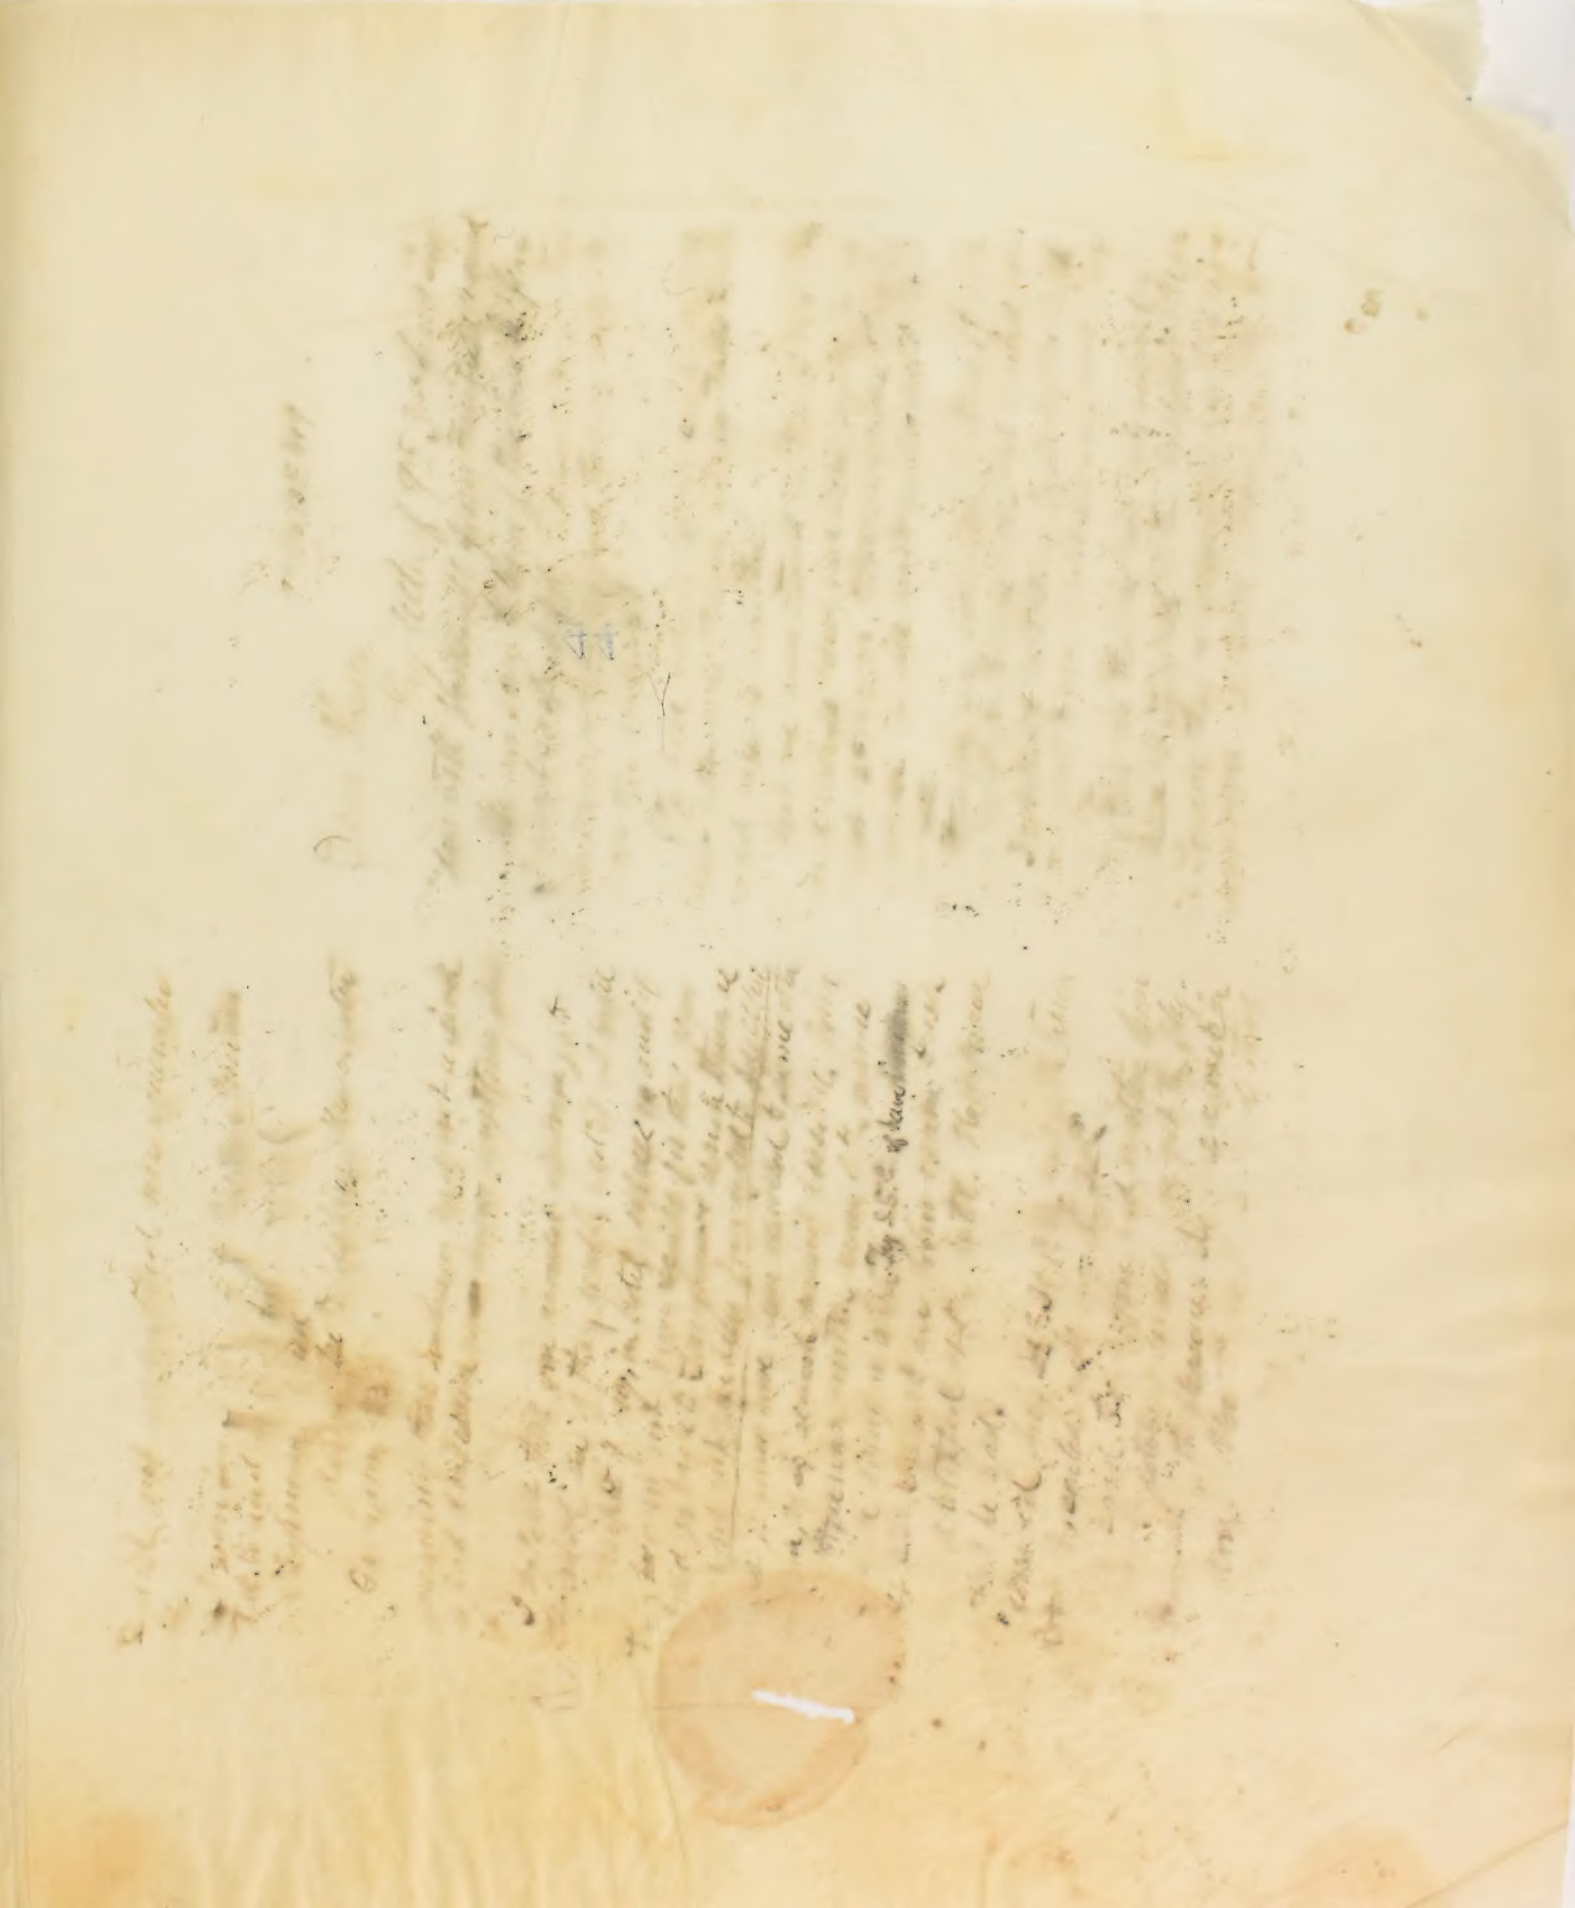

The offer of Mr. Tom Eyck for the Mint Medley 5 prime pieces for two & nothing dear times price you need be accepted. If is at its actual value and that you must judge are for yourself we will tell you its cost. We paid a London dealer £7.5. (a 4.88. f= £38. cost to us so you can see what a small profit there is in it £5.

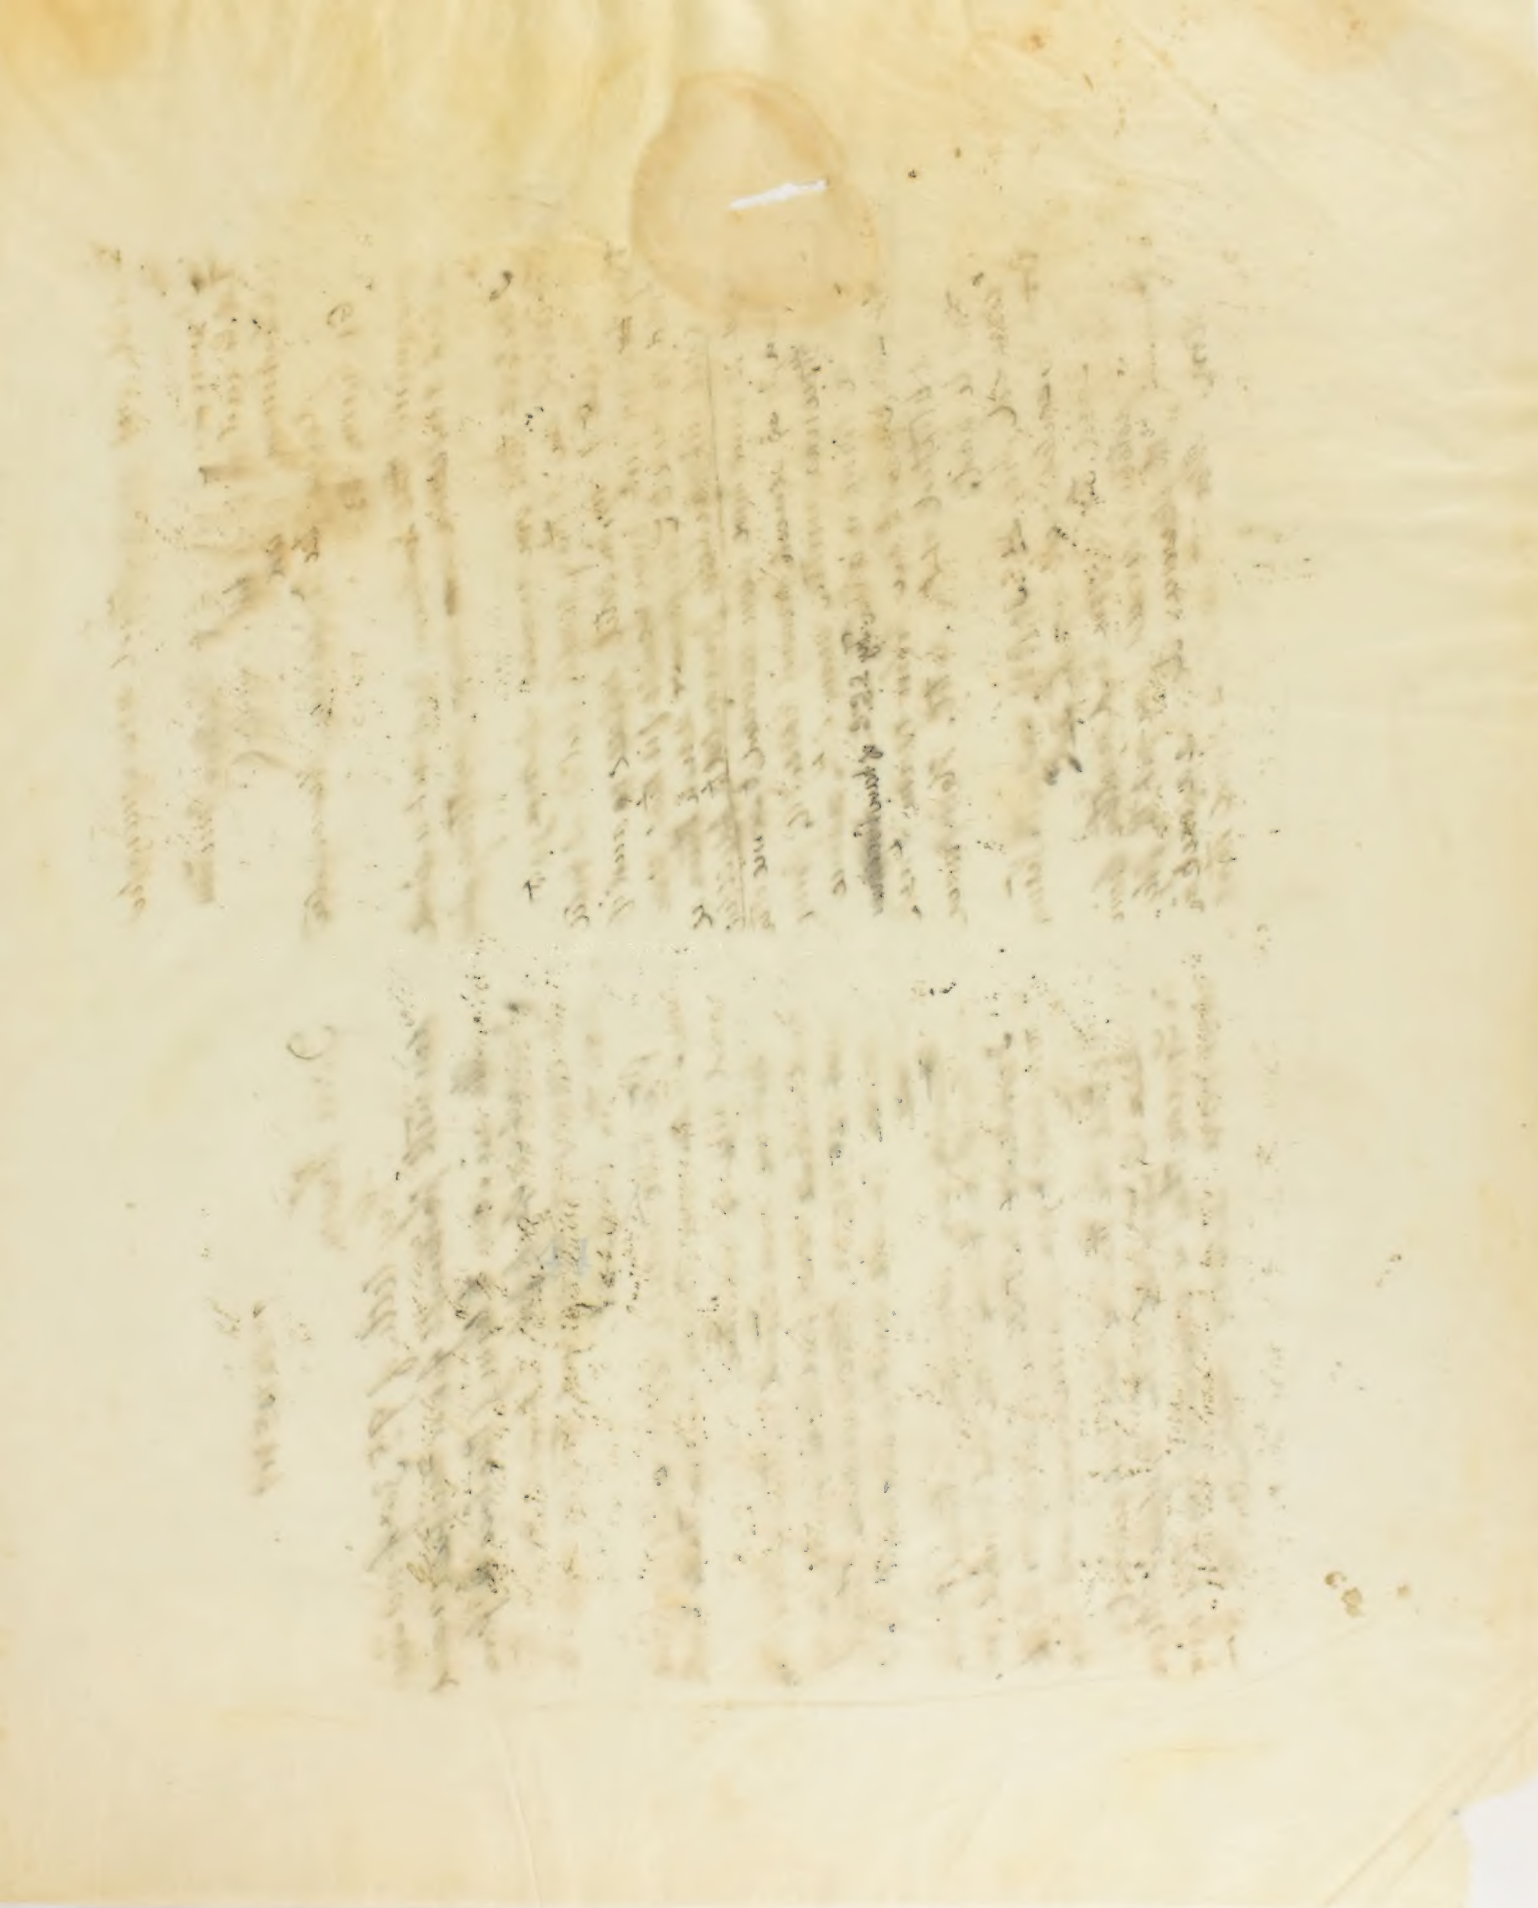

My Brother finds that English coins and all your coins have advanced greatly.

Our profits on paintings of $1150. notwithstanding this loss we should feel almost like congratulating ourselves on the above we will not feel it.

You did not follow us the arrangement we made at the English Museum to Paris and ship them accordingly to Mr Antrobus.

It was utterly impossible to enter a package at the Custom House for the exhibition [illegible] 70. It is sent by one hotel to another [illegible] 20 francs!

[illegible] our letter to reach you in time for the exhibition. It was [illegible] the moment of the opening [illegible] one will die [illegible] almost every picture [illegible] the Exhibition has not [illegible]

I sent a draft for £65. in last letter. Wednesday to Cox Charles P. in Dublin to pay [illegible] some small bills. Mine. The first time [illegible] to [illegible] but it was [illegible] and [illegible] not close [illegible]

On account of my opinion on page 3 just you should read to show the previous page. I closed and signed on page 4.

Even if Adelphi say they delivered they cause them to search and open all packages. But I am supposed attended to this and all possible points already in France that is by the time this letter arrives all our suggestions will be too late but we can anticipate them making them in case they might be true.

We must be careful in handling our coins—The values are high for the bulk, and by constantly being among them we have become deadened to them & do not use as many safeguards.

Valuables must be fully placed on all packages.

By your allusion to Lucas package you have with you I infer that the Indian did not make a good offer for Totem as I suppose one was bringing it over? I guess it will pay to break it up—I think average $50 each. Think it a good bargain. Can probably sell to Mr. Tho' his letter [illegible] the money [illegible]

Our library has been cleaned and it looks very rich and handsome.

I could not run this with Mother ill without you.

Those photographs I spoke of both are the ones I got by putting my camera under my bathing shirt & firing it out in the water. Success it was never done before! I have some more but weather too bad to print. I see I did not wind shutter fast enough & will do better next time. No one noticed it but one beach a man near me jumped around when he heard the peculiar 'click' - makes when fired slowly.

I shall be very glad to see Thee and have Thee home again.

With greatest love

Thy Brother

Theodore

Gentlemen,

Your letter of May 29 – Sept 6th were duly received but owing to some error in the Custom House [illegible] about the 1st Sept, but now instructions and the absence of Mr. Sp. in consequence has left us the 22nd of June, we were unable to do so earlier.

We would joyfully by your immediate attention of the Claim but it would be impossible for the owners members to get settled & determine them during the absence of this [illegible] to [illegible] a direction Sept. 29th in the S.S. "Etonia" from Queenstown and will arrive about Oct 5th. We could not offer for them without inspection. We would not wish to buy the lot until after Mr. S.P. – one here & confer about them

There is a great question as to whether it will pay a dealer to hold such a large number of duplicates of common dates – the interest would eat the profit up. It is absolutely necessary to see the assortment before estimating.

We would ask you to wait until say ten days after Oct 5th when we will communicate again but in the meantime

If you reply to this letter – and do not offer them to any one else as it should not become public that such a large number of W.S. Seller coins are about to be put on the market as the price would sink and the amount above exaggerated and we would not then touch the lot.

Yours respectfully

A. W. Hawkins

Dear Sir,

Yours truly,

Dear Sir,

Your letter of 11th enclosing P.O. for $11. was duly received.

We find we have not the 1856, 1 cent proof upon looking at stock & make up order this note as the other day when we sent list we were short of that coin had a limited collection for proof 1856 but supposed it has been sold. H.C.J. who takes entire charge of U.S. coins after 1820 and less than half dollar entirely U.S. gold is in Europe where he sailed June 22nd last and will not return until Oct 5th and the reason is so marked he did not look in stock for cents before sailing you but did for the more proof sets - yet find that 1856 is not complete - some cents & below & return each to take

Dear Sir

Your letter of August 24th was duly received. The prices of the old dollars had been quoted and you should therefore have remitted the payment with order and stated date of our letter for reference. However since receiving an acknowledgement and entering in ledger now is it right that we should remit the [illegible] sum ~~of the order~~ and payment for goods which were by us shipped and sold for same and especially such time as these which we credit 10 days. Before we obtain too much from the dealers and our patience has been exhausted by similar instances we will avail you this time — with thanks & all attention future interest.

Yours truly

R. Hobart Smith, Esq.

Dear Sir,

I C. J. has sent me over the Edward the Black Prince Sterling which we consider the finest we have obtained and enclose to the specimen you recently brought us and which you are welcome to return at the full price 35. and the difference.
for the exchange for the [illegible] which we regret we cannot allow a larger premium. The last example has full bold letters and the lions under the [illegible] shewing outside. Of the [illegible] we know and it brings the finest [illegible] only one with bold inscription.

We add four groups of fine coins, ancient and also as they are superior to any ever offered before in this country a complete line of the brief series of French crowns of the time of the Revolution - thinking they might interest you on account of their historical value and lovely tone of the silver — it is associated above brief in narration - they are incomplete & will not occupy too much of your cabinet.

Yours respectfully

J. C. Bruce. Esq.

Dear Sir,

Your letter of yesterday received. We have but one price and no extra discounts to calculate; now should we be pleased who are not dealers or that is devote their entire time & the business to regular dealers not we should allow 10% off but from we sent in our letter quoting the prices that we would allow 5% for your commission in endeavoring to sell the cars. Therefore we cannot allow any discount. Our cars are marked at actual values and not inflated above them to allow discounts to make false appearance of special concessions.

With us the highest class of conspicuous cars are in the greatest demand - and we much prefer to keep such pieces for our own customers.

Yours respectfully,

H. H. Kohlsaat

Mr. L. C. Moore

Dear Sir,

Your letter of Aug 20 – enclosing statement and package returned $317.10 checks for $5.50 and discount $6.45 were duly received but owing to the absence of the junior partner in Europe and our Mother Mrs Lawrence very ill for a year, having had a bad relapse we have been unable to keep up our correspondence and hence the delay in acknowledging the receipt of above.

We find sending our cards out on sale for 30 days does not pay. The amount taken in that time considering it does not pay for the labor of selecting, billing, accounting and returning & adds for the labor did it until we sent packages to you at the solicitation of Mr Lindsay who asked us to leave them for your friends for sale.

The custom is to select from a package those suitable to the retail trade and buy them and return the balance in two three days or the moment showing any high cost piece of duplicate unsalable & many to whom sent.

We ~~never~~ keep cash for all our purchases and the business has always been conducted on cash basis. Since N. Y. the Lyceum

Your letter of the 24th was duly received but owing to the absence of H. Chapman Jr. in Europe since June 22nd and the severe illness of our Mother we have not had time to reply earlier.

We have two gold dollars in stock, except a few Proof pieces but occasionally have 100 or more but can sell them for $1.25. Cannot not engage to deliver a large lot in any fixed time.

Do not care to supply proofs of this year in lots of 500 @ $1.50 nor charge $1.25 for second quarter. These cost us $1.25. Cash in advance for either of the above states.

E. Hawkins Esq 10 M

Dear Sir

I arrived at N.Y on Thursday and at Phila. and reached home at 12 oclock at night. Found all well. I have been very busy and have not had time to write you before now but can you have raised the funds for the N.Y. Acceptances of 12 £16. & 10 to £10, £14 to £15, etc

I have spent this week—as at least as much of the time as I could spare away from my dear Brother who is much worse & keeping constantly opening my numerous packages and not yet clear to through them. It will take a month to get them all out and closed. I have 20 more; and if you were here & see them you would surely do the rest.

I will write you in a few days as soon as we are ready to open and in the meantime please make me a copy of our agreement.

Truly & Affectionately Yours

C. P. Hoyt Esq

Dear Sir.

Yours of the 22d

We have the class of coins you speak of and would you like a selection made up for say $100 worth Uncirculated and if sent would you return those not wanted with cash for them returned in say 10 days after receipt?

There are 1/2 cents cost from 7 to 20 each, are you aware of this? and June 1799 & June 20 to 30 each 1804 June about 20 to 30. Are these what you want, & are you willing to pay such prices? These questions are asked to gain an idea of the class of coins to be sent and for no other purpose.

Do you want only Uncirculated coins in good type condition, or very fine and expensive pieces?

Send Complete list of your wants.

We will treat you right and having the finest stock of coins in America can supply your wants.

Yours truly, C. P. Hoyt & Co.

We could not allow any coin to be taken out with "Road" unless you had bought them.

Dear Sir:

Yours of 12 enclosing $30 rec'd and for which we are obliged.

As to the price of the Views it is quite correct as the book is very rare – out of print advancing in price and in fact difficult to obtain at any price. However as you are not entirely satisfied (and we wish you to be) we will make the price $25. Our own copy cost $50 years ago, and we do not like you on such occasions when it was mentioned. At $25. we make very little or it and in fact nothing if any certain and time expended endeavoring to get it we to be considered. I bought & paid cash for it the publisher, and the freight alone on the two was $7. duty 25%. They can be bound to $2 or $3 extra. We will endeavor to send you a selection of views on approval tomorrow night, and if either Pete Tigert or Evans are down back you may retain them and any other selection. Either Dr. Yards or Tigert will do. Hope it will be. Very Respectfully

Dear Mom & Bessie Lizzie.

My letter got received and I thank thee for the kind birthday wishes. Mother is slightly better than she was when Stat wrote, not suffering so much from nausea. That was a big piece of news to us about Bert Johnson whom we know and have sold some coins to. He bought Dr J. Davis' collection from the N.Y dealer who purchased it in Paris and Mr Johnson has not been able to pay for it we learned from the N.Y dealer who came over with me. We would like to get the appraisement or cata[illegible]ing of it for auction sale and think they would write to Mr Bert at once and enclose him our card asking him to hand it to the assessor and telegraph us, at our expense, the result or status of affairs. Hudson will go on advice if he wishes to consult him. See the hope of saving a days time, an important item at this juncture we write to day to Mr Bert to the same effect given above, but fearing there might be a delay in delivery owing to our ~~not~~ not having his street address, please wire us. Hudson looks pale & thin & I want to get him off for a rest. Mother wants him to go also and he needs it. My birthday was spent in N.Y yesterday selling & calling on three collectors & one of whom I sold a Proof cent for $2.00 each off of.

I have been very closely occupied since returning trying to get my purchases sorted & in stock. Sold 2 cents for $2 this week that I bought on the other trip for $8.50 so that pays it pays. John Jenks loan of $1000. is due next and we will be able to pay it off - when is the due date?

I saw on the 2 cent stamps of those I purchased in Europe, the remaining 4 for $1.25 (each) How has that album fared sold?

I got my claim through on payment of insurance but I had to take $1 off of claim & the officer (name on Dresden plate) that took me $2.25. was amazed to find only the hoop cup and cream pitcher escaping damaged.

We are surrounded by a wall and I must not be seen

E. Thomson, Esq.
Dear Sir,

Yours of 17 received.

We most certainly hold, and we believe rightly that your printed guarantee of genuineness and authenticity holds good for at least the 3 days succeeding sale — if not what value has it? You certainly do not mean to say that you wish us to pay you $6 for a false coin, which you can return to owner with no loss whatever to him or yourself. You said you had a bid of 5.75 & 6 "knocked you out" now we let you know at once so you had the information at the beginning of business the day following sale (& you did not need it if the sale comes the night of sale or known) & could send it. What bidder if you saw fit, so to much trouble? If it is the difference of 25¢ we will pay it. I said distinctly that I would stand on the printed guarantee & return it at once if it proved false, & this we grant you said to the contrary but we maintain that a reasonable

time must be allowed — where bids are received and it is not always possible to determine the genuiness at the moment of sale.

We have always given every one purchasing at our sales the right to return at anytime any coin or medal proving not genuine & may add that but few or three instances have occurred where this liberal and fair way of doing has been taken advantage of & those few that were in such a state or so cleverly done as to defy the most minute examination. We hold our guarantee open for our life — & no matter the amount or how much it has cost, and certainly you can hold yours open a month.

We do not make it a point as to whether the coin is our property, or that of another individual.

Very Respectfully
S. H. & H. Chapman

Dear Sir:

Your favor of 15 with $5 on account received and for which we are much obliged. The Heirs is a book that will be a standard work for ever and it is one of that class that increase in value in consequence. We have no set of Numismatic books worth $6. and our whole library is worth at least $4. " -00. Quarl is bound four vols- three of text & one of plates. We would advise printing on the back the name of the coin each vol. is each vol and to bind in three vo ing the plate of that Section in the vol with text - 1st Vol LE CASTILLA OR ESPANA 2nd vol ARAGON N 3rd vol MILAN PAISES-BAJOS

The advantage in this will be think be felt when using a coin up - for one we found on the plate its description is at once once in hand - whereas when bound as ours is - you find it on the plate & then have trouble to find it on the text. The text book sent you contained some plates & some cuts

Dear Sir,

Your favor of 22 with check $74.81 and coins returned $247.90 received and for which we are obliged.

The extra fine & rare crowns cannot be had for an average of 3% and if they are to be secured at all larger money has the pull on them. No one could have worked more assiduously than I did this summer and collector can now have the results for a small advance on the cost (which by reason of large purchases for cash were less than even wholesale prices and collectors will reap largely of the benefit of my exertions).

We intend to send you by 11 o'clock train tomorrow an assortment of crowns etc – including a few American ones that will please you.

We marked the Seated's low and cannot reduce we are sorry to say – but we will send you tomorrow another @ $25. that we hope will fill the bill. Do not think they are common – from an hoarey & penny – if I am not

Messrs Heuck Bruckmann & Lorbacher.

Gentlemen:

We received your bills to day and are surprised at them referring to your circular (which we have) we think some mistake has been made. we quote from it. "We also beg to inform you, that at the following rates we will deliver the packages at the addresses of the consignees, without any additional expense, excepting duty." etc. tariff "Germany 15 lb" 230 20 lb" Now this package (which we refused and notified the express Co to hold pending receipt of per bill) weights about 15 lb and why should the charges be more than ℳ 2.30? You solicit business under a circular and when we notify, our agts to ship by you find the reality is quite another thing — about as it appears at present. and which system must be changed if you expect to hold the trade. We are perfectly ready to pay the proper charges, but not the others. & & pending this matter is occasioned by a misunderstanding that we will be expected and remain Very truly yours &c &c &c

E. Thorthouse. Esq
Dear Sir:

We enclose as per the agreement, a carefully prepared list of the present market value of your coins. If you consider these values to be too low, you must remember that we are not purchasing at these prices and that they will be subject to the competition of all the buyers in the U.S. in the open auction.
In a few instances we have made some heavy advances, while in others the price is not warranted by the condition the specimen is in.
If there is more money in the coins than we have judged we will certainly bring it out as we intend to exert every means in our power to make it a success — distributing catalogues to all of our customers and the dealers
Some margin should certainly be granted and allowed to effect sales as some will go higher while others a star be over, but the lot must be divided to make them suitable with what many [illegible] their Country and others again that we would be considerable [illegible]

It is our interest to make the sale a success and you must not forget this fact.

No 520 was not in the roll – its space being blank as if you had removed it after others were arranged. It is not mislaid here as we opened them on a large table, away from all other coins and no one had access after seals were broken. You probably sold it to some one and forgot to strike it off list.

No 586 you had limited £12 588 £4 587 £8 and we wish you would leave them at these figures, then we can be sure of sales. at the other limits it is a Squeeze. These limits were named at Principle

The other box you have last sent has not yet arrived.

What will you take nett cash for that 1795 Letters cap cent uncirculated you showed me?

We have arranged with Messrs Baugs & Co for the sale.

How many Catalogues do you wish, but if you will take our advice you will not distribute any.

The Catalogue will be completed in about five days, as we go to print on Monday.

Yours Respectfully

A. H. Chapman

Dear Sir:

Yours of 25th received.

The Washington 'Naked Bust' is a superb specimen of this great coin, in fact we doubt if its superior exists. The price too is an inducement it being 25 less than we sold one, not so fine, for years ago. The speck you mention we had not noticed, try the point of a small lancet and see if it is soft if not you had better send it to us, and we will endeavor to remove its character and eradicate it if possible, but in using a match point be extremely careful your hand does not slip and scratch it. My purchases of crowns are extensive and you are getting the pick of them as fast as we can mark them up and we hope you will not curtail yourself at this time as such an opportunity does not present itself, and I could duplicate them again — I shall [illegible] which will by no means burden me by fives or [illegible] Crowns, which by the by the European dealers expect will be rare as their scarcity is known.

Very Respectfully S. H. & H. Chapman

Dear Sir,

Yours of 28 received.
Glad to hear of successful

operation.

As it has a peculiar color, which is difficult to account for but its history may aid us in determining it and that is that it was wrapped in a piece of paper for many years and as far as we know from the time of its mintage and it may have aquired that beautiful color from some chemical property in the paper. I purchased it in England (after two days of offering - bargaining and finally paying the gentleman his figure) paying nearly the amount asked for, (the owner offered me £1 profit the next day and he regretted exceedingly having sold me it as many had viewed a piece and did not like it but from me) He said he secured it at private sales from an estate together with a choice collection of English coins many fine specimens of copper as if the collector

[illegible]

or specialty of that series and from what he could gather he had been a collector before and about the years 175 to 1810. that they had evidently laid away untouched for a long time. etc.

It is to just such circumstances that preserve for us the finest of our pieces we have of American coins - the 1796 cent @ 50 came from the same source.

Without comparing the two cents together we should say this equalled her ten Eyck's, but really they are both finest pieces superb - and perfection pieces.

It may interest you to know that this was the only specimen I saw or heard of in Europe, the only specimen we have or know of for sale.

The price is low and we cannot change it.

Very Respectfully

E. T. N. C. Co.

My dear Friend
F. F. Allen. Esq

I greatly am ashamed & sorry for not having written you at once on my arrival home but really I think you would have excused me had you seen what I have had to do. My dear Mother is very ill and I have been in almost constant attention upon her since I got back. My purchases are very very extensive and I got many fine things. The voyage home was very fine - not sick and it was very quick 6 days 14 hours. The total of the bill is 2300 rs from which I deducted 2$ 11 rs for the Stamps. Your brother selected from those left with him and which I asked him to hand you enclosed & taking the trouble to send me. and send cruzados 65 Office Money Order for 13 mps. the postal authorities will advise you of its arrival & its amount & duty. Have you a 75 reis Brazil to sell, if so what price? There are many fine Americans in my purchases & as soon as possible I intend sending you descriptions. I am deeply obliged to you for all the many kindnesses you showed me at Hamburg & trust the day will yet come when I can welcome you to Pará & endeavour to the best of my ability to return them. The paid Box Kraken from Pará arrived here as soon as my letter mailed at Hamburg reached here, but never got any receipt or acknowledgment from him, so if you see him you might tell him to write us.

Adolph Weyl Esqr
Dear Sir.

I arrived home safely but ever since have been kept so closely occupied writing over my Mother who is critically ill that business had to be let wait for a few days.

Your letter of the 16th instant received and I send you the money by the first Steamer.

Mr Hamburger had no cause or reason in deducting the amount from you as I wrote him from Berlin that if it was not satisfactory to him to have me send the money from America to endorse me at my London address and I would return the coins, but not hearing from him supposed it was all right.

Enclosed please find Brown Brothers & Co check on Mendelssohn & Co. Berlin for £438.75 made in favour as follows, which we trust will be found correct

Adolph Heyl Esq

These two lots returned send to Mr Hamburger and he will send you the 34 on - I thought they might be made use of for jewelery but SH Chapman will not have false coins sold or about the place no matter for what purpose.

After my paying Hamburger about 1000 on I do not see why he should act so discourteous about this small amount He made a good lot of money on that big gold coin at 34 on and he can take these two back without finding any objection we think.

I find I bought an immense lot of coins when I get them all together and the puzzle now is to mark tags for them and get them into stock and ready for sale

We wish Mr Hamburger to send us a receipted bill and please ask him to acknowledge the letter yourself please -

With many thanks for the many kindnesses

C. F. Wilcomb Esq
Dear Sir:

Yours of 2 inst. has been received and in reply would say that Adams Esq & Co have a parcel of 55 lots of desirable coins amounting to $7.50 and hope they will arrive all right. Should you please make proper returns and state where you would like it to be in the future.

Acknowledge receipt by postal.

Yours Truly
W. H. Chapman

Charles Payson, Esq
Dear Sir,

Henry Chapman having returned from Europe, we duly considered the subject of buying your U.S. coins as we wrote we should in our last letter.

Studying your list we find that a large proportion of it is composed of common coins not uncirculated and therefore not worth a premium, and another large part of common early dates in ordinary state which it would not pay to buy and hold as there is very little demand for such coins collectors beginning, picking it up or buying it very cheaply at sales.

We, for instance, do not keep half dollars from 1807 up that are not uncirculated but find no orders there (excepting some 1815, 1836 & Bolcott & 1852)

Owing to the continued serious illness of our Mother we can not leave home and could only estimate the collection by leaving it here for examination. If you will send it on we will make an offer for the whole lot; and if desired will inform you of the amount we estimate at for in each denomination which we will return to you if you so desire. Yours respectfully W. H. Chapman

E Shorthouse Esq

Dear Sir:

The parcel of foreign silver coins arrived yesterday charges paid 2.80 which we place against you. We have catalogue them to day with the exception of an Anne crown as poor as to be of no value over metal and some small silver of Victoria which are useless here. The limits you place against them are only prohibitory as far as sales are concerned - You must not want the whole of the United States at one time - give our poor collectors some chance and allow us to say that they are not so hungry as to pay your idea of values, which cannot be based on any market value as I have just returned from Europe with 1000 crowns & can sell you 200 at for 6/6 to 8/ each equal & better than yours in many ways. Yours would average 2 about at the sale & selling at they are worth - they are a poor uninteresting lot, save the larger pieces. The limit of £6 on the 6 thalers is at the top notch for this side and as it only says four it must be if you will send

Dear Mary

to £5. the limit of £50 on each crown cannot be reached in every instance and had you not better let them sell at what the market is?

No 2 is a medal of the Capture of Dort - not a coin worth £1. have seen it sell for 16/. The double thalers you mark 4/6 & 7/6 each we can duplicates @ 3/6 each and this is the market value here.

No 11 is only a single thaler - we have two of them at £2-. each.

That poor English silver lots 49 to 57, 52, 53 should all go in one lot.

The lots 55 56 are not proofs as you must know and we can sell them equal to 3.50 each.

No 66 is false - only a modern copy of a rare medal do not sell for much.

No 88 is common & we can buy you as many as you like @ 2/6 to 3/ each.

You want to make the sale a success, so do we and it will go all the better if the limits are removed except on few gems or special rarities but this having a limit for every piece will do both an injury - you had better let the coins be sold fair and square, reserving limits on the rare & valuable lots. You are too anxious to make all they are worth and so overdo the value without noticing it, ~~and thereby~~

We have never taken a limited sale before - all our sales are unlimited and are successes - why our last big sale of medals the collector did not limit a piece nor even at the end & he was delighted with results. The work had for our clients and results show it -

Yours truly
A. W. & H. Chapman

Will send catalogue of last sale as soon as we can get it printed.
Please reply to last and this letter by return mail

Dear Sir:

Yours rec'd.

The prices were placed very low - lower in fact than they sell for at auction - and we cannot make any reduction, much as we should like to accommodate you.

Please send us your number or 152 and St. it will save the post & express men trouble in finding you - the express wrote they could not locate you.

Very Respectfully

W. A. Dooley Esq
Dear Sir:

Yours of 2nd received and contents noted.

We endeavored to mark the prices low and did so - take the very two coins you object to Side View @ $11 we paid $13.50 for its duplicate at the Hart sale & send it back if you do not wish it for reserving to our bid book & that is why we find we had two bids on it one of $25 & another of $15 & cancel this one @ $15. the moment it returns.

Leroux 760 is cheap - some years ago we had one & a gentleman paid $ 5 but when the order was sent him frankly acknowledged he did not have it nor had he seen one for years. I am believe it is just as the gentleman in question paid us $8 for it & it was worth.

We made the Coin & have only one price.

Many thanks for trying to sell - the more take the more willing are we & sooner to send again.

Very Respectfully

Dear Sir

Yours of 4th with Cash £204.10
Bill 518.65

Received and for which we are very much obliged.
Glad you purchased and secured the Washington Cent for it is a most beautiful coin.
Some more crowns are wanted and we will send them by 10 o'clock train tomorrow — the train leaving Hamilton American Express Co. and they will pass up the Richelieu Company's boat leaving Albany about 6 or 7 P.M. and reach Montreal the next morning about 8 o'clock.
We are very much obliged to you for the trouble taken in showing the coins to Dan Lee and in view of that fact we send you two Eighth crown at 2/6 each pieces.
That big Spanish coin is a beauty and a coin most of the collectors

Yours Respectfully

E. Shorthouse Esq
Dundee

Your letter with Shipping Notes received and the same placed in the Sec.

In copying the Agreement you have left out part of the clause No 2 which states that J.H. & C. were to advise when Mr Shorthouse's limits could not be reached and where he allowed a reduction – you only say in copy where the limits are to be increased no mention of those to be decreased. Please send us a copy of this clause as in the original.

The catalogue will be issued on Saturday next and we purpose holding Sale about Dec 5 day. We feel definitely keep

In the revision of your limits we have much consideration weighing very coin thoroughly and if you will lend us time some good advice you will accede to the reductions where made and enable thereby to have a successful sale & sell the coins which must certainly be your object; and why not do it now before it is too late and they bought in, having not

only money for you but the prestage of the Sale.
You speak as if you were the only honest man on the face of the Globe and while we do not doubt it still allow us to here remark that there are plenty others - that no Combination is ever made in American Sales; it may be done in England but here the Sale is on the Square and if your coins at your ideas of Value do not sell or in many cases only bring your offer we do not want you to grumble - bout fraud &c &c.
Your warning is now given and remedy given to save it will it be heeded?
You are shrewd enough to know that prices for American $ coins and American coin Sales are not governed by what English dealers or collectors think is the value and as we are the best posted men in America to day on values we cannot help emphasizing this point of values in time.
You ask £4 for two Washington large eagles - we have two uncirculated in stock @ $6 each.
Your statement in the Preface that it is equal or as fine as Dickley coll. cannot be allowed in as it is not borne out by the collection - where on earth did you get such an exhalted opinion of your collection
Yours it has some good coins but lacks the great rarities in the US series viz 1794, 1804 1839 1838, 1851, 1852 dollars. 1796, 1797 ½ dollars 1823 or 27 ¼ dolls 1804 dime 1802 or 5 ¼ nine cents Randall Sale was finer and as there being more than Dickleys & I feel it allows us to say we know that there have been a score.
We will work hard for the Sale (696 lots) but do not want our exertions for nothing just because you will not take advice, and take the results be the actual values here to day.

If a large proportion of your coins are returned you not only lose the 10% but expenses of transportation back, and the opportunity of the sale. The limits are up to the highest notch any of the coins have ever sold for, whether yours are up to the condition or not – is foolish – the limits should be 2/3 or 3/4 value.

Living in England you have not the opportunities to acquaint your self with our varieties of condition, value, the reason for some prices, the change of demand, or price and we do not see why you should put so positive that your values are the right ones for this market.

We think you are enough of a business man to see that our advice from the spot – must be reasonably correct and – accord with the time, and we expect adopt it.

Yours Truly

Dear Sir.

We send herewith some more coins amounting to

1st Column	$ 122.70
2nd .	97.30
3 .	125.30
	$ 345.30

and know you will find amongst them some desirable and fine ones. The Washington cent we saw in Europe in 1845 but as it was asked we let it remain and the gentleman had it now so I bought it for her. It is cheap at 25 and we doubt if its superior is to be found anywhere. The head is the same as on the 1792 cents and was found to counterstruck one time in one of those pieces in close with edge letters same as the ½ dollar of that year.

Very Respectfully Yours

Rev. James L. Tracy,

Dear Sir,

Your letter of 29th ult. and accompanying list of coins were duly received. It is only to-day that we could ben the package and reply.

The Indian coins are of no use to us as they are common and in too worn condition—we have them uncirculated and perf. Native rupees are also very common and we often melt a lot for the silver. We will allow full exchange value.

The only coin desirable in the lot is the annexe of Domitianus for which we will give $12. The denarii of Tiberius are only fair and do not call for them—worth 50¢ each here.

We do not think the Ceylon gold fanams are as old as you state but are about 1750 & we could buy in London for 250 for which we will give you three H.C.J. has recently returned from a four months trip in Europe and it was owing to this & your illness from which that we could not reply before to your postal from Williamstown J.St. but we almost have written that we would not buy the coins

Our Mother's doctor Dr. D. Hayes Agnew came in and saw the Brodie, admired it greatly as well as others (not asked for by you) and we made him a present of them to his great delight. Mother has been very ill for a year and outside of his professional services he has been exceedingly kind; so we hope you will not be angry with us for sending the Brodie H.C. Jr has just returned from Europe where he was for nearly four months buying & you have got first pick & all the medicals he could find and he looked for them for them. They are much more rare than Collectors have any idea of. We trust you will find many here to suit you—for they are a superb lot.

Truly Yours

Dear Sir,

Your letter of the 4th inst duly received. We wrote an letter of the preceding day under great pressure of business and did hardly give the Indian a thought as to the

But afterwards we recollected that a person in India offered to us a very similar coin just before we went to Europe in 1885 – we cannot date it by this as we asked the coin be sent to us in England: we cannot remember the name.

We searched in the letter book of that year and found the letter addressed to you!

It is our own offer of £3 if the is in extremely fine condition evenly struck and fine like one quote at us!

But the coin does not stand these requirements as the obverse is not evenly struck the first five letters being off and the field is slightly worn all over. It is worth the lower limit we give £3. It is not imitated as it is fully described in the Numismatic and let with another answers the two fine address in the £ 82 1197. and if we had time we could do those and with exception. The Jew kindly informed me of Indian

Yours of 10th rec'd. You are evidentally mistaking us for some one else for we have referred to our a/c and our letter books and find copies of every bill that has been sent you & on each of them 10% commission was charged.

We always charge 10% and it is our rule. Every other dealer does the same and we can see no cause for your complaint, much less as the bill is 5 months due!

You say you have our bills with no commission charged - will you please send them to us and we will at once return.

Please favor us with your check by return mail for the $14.05 due.

Dear Sir:

Your letter of 11th with rubbings of two Geo III medals received. The medals are what you conjecture i.e. Medals given to the Indians by King George III of Great Britain about 1770-1780. They are rare but obtainable and strange to say we have had duplicates of them within the past year. The meaning of the device on the smaller one is unknown to us, nor can we even suggest what it is for. Certainly it does not applicable to the purpose of a War or Award medal to an Indian. But often dies are used to produce medals which are meant for some other purpose.

We will purchase them and please say what is your price for the pair.

Yours Respectfully

Dear Sir,

Yours of the 10th with coins & credit accounting to $162.50 rec'd.

The Silver Hudsons Bay medal is worth the $50 we'd in fact more, however to endeavor to meet your views, we send it herewith at $45, and will accept your offer of $50 for 24 pcs. this makes a good discount - a thing by the by we do not usually do - having one price nett. What is the use of giving a discount - why not make your prices right in the first place. The knave of a dealer who gives 15% off, but who marks his goods up so as to clear, he says it works well, but we do not wish to trade that way.

If you look closely you will see that Nos 172 on this invoice have different obverses, one a depression & the other a raised bust. Which have you?

Dear Sir:

We sent you by express to day a package of coins amounting to $291.00. Express charges prepaid - we always pay the cost one way - the collector the other.

You will find this a desirable lot of coins at very moderate prices, and in any instance where a reduction could be made we did so.

Open box carefully and you will find the bills in it for the coins that are across one end. Keep them separate from those for which bills are herewith enclosed.

Please examine and return any of them you do not wish at your earliest convenience.

Very Respectfully
S. H. & H. Chapman

W. N. Dooley, Esq
Dear Sir

Your favor of 11th with coins
pictures amounting to 207.60 received.
We enclose a correct list of those you retain
amounting to 34. as your statement had a few
errors in it, one or two lots left out and one or two wrongly
charged. viz 65 @ 30¢ whereas it was 63 @ 25¢ that was retained.
As to payment we have no desire to inconvenience
you; but would like a time named so we can count on
it. Our business is always done for cash and we are
thereby enabled to make prices much more close to cost.
We would oblige us if you would send it in a
week or ten days as we are using a very large amount
of ready cash just now.

Very respectfully
C. M. Thompson

Dear Sir:

Your favor of 16 with check, [illegible]
returns 2.90 - 45.30 Dimes, and for which we are very
much obliged, as also for the trouble you have
taken with the coins in showing them to
our Eyck.

We will have the books ready in about a week.
Mr Shorthouse is a very peculiar man and we
will have to ask you to let us off sending any
of his coins on inspection. They are equal to the
descriptions given, contain some rare and remark-
ably fine pieces - such in fact as Mr Shorthouse thinks
are the finest extant. He is of such a vacillating
turn of mind that we must be able to tell him they
were never out of your hands - we were told in England
that he often accuses gentlemen of stealing his coins
& looks up everything if he leaves the room, we there-
fore must follow in every way - to guard

Dr J. Fisher.

Dear Sir,

Yours of 17th inst -

As we wrote you we were not at all sure about the 16 & 81 & have credit them as returned as your word is sufficient for us.

As to the Welsh medal - we will say it is the only one we have - is rare - worth the price - and as you seem to want it we will throw it in if you take the other two both 66 & 72 - this will not leave any to be returned - in fact it will cost 25 or 50¢ to do so and it so will save this. - this would leave 1.75 due us? what say you?

Yours truly

Charles Morris Esq

Dear Sir:

Yours of 15 with check for $34.25 received — many thanks.

We thought you did not have the Hudsons Bay medal with mailed bust and so it has turned out to be. Now as to the Silver we wish to meet you if possible and will make one more proposition and that is to give you the Silver and brass both mailed bust with which you have all been described — for $65. the pair, a bargain indeed will hold it open no time with anyone else but it until we hear your reply. Certificates of sale of the medals has been sent you days since. We return you list with amounts set opposite as to what we think they will be likely to sell for. — The back be glad to have your bid. We find the Side View 1838 Jr penny has been omitted — it will be soon.

1838 B. of M. Montreal Side View: On ribbon BANK OF MO
TREAS. T. Vineandotte. Ska to. Brownsville. Litem pass.

We were just looking into the Token collection -
and as Brother is away for a couple of weeks I could
not learn all he had done about it - Suffice I to say that
he named a price $250 which was for the other coins than the
tokens alone - As purchased by me the transaction in-
cluded some old decorations, Hollandtoken and coins, and
separating these from the tokens we can sell the collection entire
for $750. A dealer in England would charge double this at their
marked prices - but we bought it as a collection and will make
a quick turn entire and give the collector the advantage of the
saving in time & trouble. Now if you wish we will send it all
out to you on approval, or maybe it would be easier if you
would send us your collection of tokens - and we will compare them
& see how many are duplicates - pay you cost for them - and
sell you the entire collection - giving you the best specimen were
ever of yours duplicated ours. They are a grand lot, second to
none in America and it is a great opportunity for you. Many
of them are of great rarity and one we happened to mention to an English
dealer he said was worth £5 or $25 anytime. The 17th Century
collection is splendid, nearly everyone being very or extremely
fine - many rare.
Your going away need not interfere with this proposition and you
have now the first chance at it, and we hope you will
embrace it.
We have endeavored to meet you about the medals and have
done here the best possible.

Very respectfully
W. H. H. Chapman

J. Forsyth Meigs. U.S.N.

Dear Sir:

Mr Linton Meigs has kindly transmitted to us your desire to see the Perry medal and we send it herewith prior 25.

We regret we cannot give further information in regard to it beyond what is stated in our catalogue, of which we herewith send a copy.

It is the only specimen in silver we have ever seen for sale and having been presented to one of the commissioned officers, it is not likely that we shall again - they being, of course - not to be purchased

We hope you will be pleased with it

It is fully described in Loubat's work (N° 170 of our catalogue) you will find the medal under N° 175.

Very respectfully

My dear [illegible]
Chas [illegible] Fuller.

I am really ashamed of myself for not having sent this money one [illegible] this – one day went for it but was too late at Bank – I enclose the £5. Thos so kindly loaned me and desire to thank them very much for it. Mother is again suffering much pain and is greatly troubled with nausea. She drank the bottle of whiskey but the Sherry does not seem to agree with her. She was greatly disappointed in not getting the bacon & I do wish I had brought some. Could not any of Denny in Cork and it being 1st day night it was very poor what they had left. Good letter from Fred lately & he is now doing well – is well. We are fearfully busy & have not been in bed before 12 any night since I got back. We have sold much of what I brought & we will do well with what I brought home. Tell Lucy that I received her letter & will reply as soon as I get a moments respite. I [illegible] think of my [illegible]

[illegible] for the all they did for my enjoyment.

Hudson is with [illegible] the Night at New Bedford [illegible] for a couple of weeks and we hope it will do him good. He was completely worn out and under a rest.

Dear Sir

Yours of 19 rec'd tonight.

Well - and so it is 11th

that is the trouble now - for goodness sake take it off the bill and send us the 1394.

Do you use so careful about small matters does it occur to you that in all fairness 6% interest on 1394 for five and a half months - about 40th might be included in the Account to be sent us?

You are the very man who would make trouble had the 1838 been sold at your bid of 100 which amount was bid before us in the auction room in the run we trying to buy before your bid as you [illegible] But if you do not like it send it back anything to get this business ended.

Your injured innocence about the way we have treated you is amusing - nice return for waiting you convenience all this time, isn't it?

Dear Sir

The collection Mr Thornhouse sold at Birmingham was his English coins. The sale Dec 6. is entirely his property. Mr Thurston sold all his coins through us at the sale of his coll. and we believe he has given up entirely. The prices of your Maundy medals are about as those [illegible] and where you find there to be [illegible] is a mystery to us. We find we left out the 1838 in 2p. Dear Sirs, Bank of Montreal on hand. Recirculation. Broncodes sells at 2½ as lot 136a will bring 15 to 25.

It is difficult to say just what these proofs will bring so send your highest & we will try & secure them for you. We have a fine stock of English but always some such a "lot" as yours does not [illegible] we suppose there would be little or no use in sending [illegible] for approval.

Very Respectfully

[illegible]

F. E. Merritt, Esq

Dear Sir

Your favor of 27 with check for 22 returned $31.50 received. Thanks

This leaves $65.60 due on invoice of 11/16.

The 1875 is the best on the 1792 half dime as it is very fine, well struck and very rare, cheap at price also, however if you will send us check for $65. even as we will get it Monday we will call it square.

We wont get one so fine for the money. It is the only one we have. On your bid sheet you say "The best of us. you can buy if you want to send on approval" To what does this refer or mean?

No 655 should sell for 10 to $15. 656 to 660 should sell for 7 1/2 to 10 each. Send in your highest bid and we will do our best for you.

The 32 proof sets are made up by them being two of 1873 the old type standard dollar, 1/2, 1/4, 10 cents arrows. 2 1/2 cents, 3, 2, 1 and the trade dollar set with arrows at side of date as 1/2, 1/4, 10 dollar. They are not how marked and we believe are the finest series we ever owned. 32 sets all complete for $25. is a bargain as soon offered, and is only one now to offer at a quick sale.

Mr. E. Merrick, Esq.
Dear Sir,

If you want them or the trade lot, let us know by return mail as we will probably sell them at private sale to some of the collectors who come down to the sale on the 6th

We guarantee the condition to be as stated. All the Copper coins are bright red (except 1865 which are dark and slightly) and we can tell you this is a very unusual circumstance — many are generally having been rubbed or badly tarnished. The cabinet from which the coins to us is an old one and the collector was very careful about the condition of his pieces, which accounts for their superior condition.

Very Respectfully

533 Equal in sharpness Bushnell which sold for $70 Is one of the most beautiful coins we ever caught
milling all around both sides, beautiful color sharp. $20 will not start it
Bid $75 & try & get it, worth $75-100. It will please you.
576 Worth being $80 to $100 over fear $50 will not get them.
602 is Gold but stars not centered - never are. It is finer than the
one which sold for $125 at one of your sales. You had better secure one of these.
For $6 you may not get them but at these are two exactly alike with you.

528 Is a fine cent, but we notice a very slight cabinet friction on hair still it is a cent rarely surpassed and would suit you worth £50.

533 Is a fine and it would end your hunting for this you were fortunate to get it, but it will no doubt be much sought for and bring big money – but as you need not be kept off by this latter distinction we hope you will get it. If it don't please you you can return it.

533 worth £15. A beautiful cent, will suit you

If you will get the lot of Colonial coins your friend has and send them to us we will value them for you. Unless they are fine specimens we should think you would rather have very fine coins purchased separately.

We will send you a choice lot to examine on Monday, on approval and think you will find among them some desirable pieces. Shall be glad to have any bids you wish to make, giving them particular attention and endeavoring to secure you such coins as will be of interest in your collection.

Very Respectfully

Dear Sir

Yours of 6 rec'd, desiring our absence in N.Y. attending an auction

We do not wish to purchase the safe, and without our previous offer of $75. for it. It is not the kind we want. Please give price for the show case & contents - the set of cards we will buy of course but not having seen them cannot judge of their value and they might detract from the circumstance from the bargain. We do not care to pay a high price for the medals show case and it is their being cheap that will attract us as purchasers.

Dear Sir,

Yours of 6 rec'd, first as we were desiring for N.Y. to sold Stockholm &c &c

The offer of $75. we decline and go to the second - the card is worth the money we asked $ - and it was only as a mutual accommodation that we offered to accept your bid. From the prices the fine cards sold for at the sale we can safely say that such a one would be purchased for a little more anywhere. Not in a handsomely fine Slab Sharp and Price & and

E. Shorthouse Esq. 12 . 10

Dear Sir.

The Sale was a success. but
£3108. Bought in on your orders £767. worth
and only for your granting the concession of
letting them go at next bid to limit 500. worth
more would have had to be taken in. There was
a Londin attendance gentleman coming from
a distance of 400 miles away to attend. Bidding
was spirited and due time given to every lot before
being knocked down. The sale began at 101 and continued
in the order of the Catalogue as is usual in this Country
and it would never have done to commence at lot
123. Collectors expressed themselves as obliged but
for not spinning it out into a two days sale and
said in addition that if we had, many if not all
the Collectors from a distance would not have come
as it would not have been worth it. We heard
expressions on all sides at the high prices the
Coins were bringing and our only regret was that

we were compelled to take in many lots that in our judgement should have been let go – but they were under your limits though beyond the value here.

No one knew or knows of your limits – not even Bangs who by the way was amused at your letter to him – what made you write him anyhow and you might have let it alone about "your particulars" requesting him to sell it. He is responsible to us but allow us to say does not know you in the premises. Your Counsel's advice or rather opinion is so close to your own that no doubt it was a relief, but it strikes us that you are unmindful of anyones feelings or interests outside of yourself. The sale was in our hands to conduct on the American plan (not the ridiculous London way) to the best of our ability as experts and we have done so and no one could have done it better.

You knocked the sale badly in a way you little thought of no doubt and that was in sending her Howard two 1796 Liberty Cap cents, for he was showing them around the room comparing with one in sale and shaking your letter in collectors faces – who thought you had a mint of fine cents that more were coming after a while – in fact one shouted this out to me when I tried to praise up when being sold. You need for gain gets the better of your judgement I fear. Some way about side view when I made the statement (as per your [illegible]) that this was the last you had – Several laughed out [illegible] and said they knew it was not so – one said you wrote him that you had [illegible] by for yourself etc. The [illegible] up the coins as far as possible and sometimes far beyond your limit.

Price Catalogue of the sale sent herewith and those lot which are checked ✓ were bought for you.

What disposition shall we make of them – will return them to you if you wish but will not deliver them to any dealer or collector in America as it would let it out that there were limits, we having bought

them in under assumed names.
Our collector here to day said that it was a splendid
sale and he thought you ought to be a happy man.
We told you before that we are the largest dealers
in America & perhaps these figures will
help to confirm it.

The attendance was larger than we have seen for some time
and we think the sale would have done quite as well if held in this
or any location.
Now here is a success for you and as per your letter send
us that 1795 cent at a fair price. Wrap it carefully in
tissue paper and place between cards so it cannot get injured
in the mails. Do not flatten it out or press it or rub it with
fingers or hard substance. The circulated one 5 cent piece

to come to the sale in person and that from a distance of 350 miles – bought $300. worth for him

The accounts will be sent you 35 days after the sale and a draft on London for the amount coming to you.

There were no combinations ~~[illegible]~~ in any degree and the one you speak of must have been in the stamp business to which we did not allude nor do we know anything about. The coin sales are on the square as we told you.

You must not let anyone know anything about the limits, as they are not customary here and would prevent you from ever selling at auction again if it was known you had done so.

It took us two days to mark in your limits and make the exchange between the U.S. & English money. we had no idea it was to be such a big job.

Now after making so much money you will have a Happy Christmas & New Year and that it may be so is the wish of

N.B. In regard to the enamel gold of Pitcairn which you ask us again in your letter of Nov 5th, I can state that I remember distinctly remarking the condition of the

that it was worn and not worth the price, on its first arrival; thinking & hoping that it was not worth over £1.5 ds. I only sent it to Mr. R. Hobart Smith and as in the bill to him I only marked it fine and add "evenly centred" which this example is and as I examined it on its return and know that I noticed this coin each time I handled it and am positive he did not change it I will not ask him about it.

We have not had an example for years when one as good a better cost as about £1.5. and I am certain that the coin you venture is the specimen we returned you and the example before me. That it is the one on your price, but it is, if you had another inferior at £1.10, very probable that the coins were laid on the wrong tags - this could be found the first party who subsequently looked over your coins obtaining one extremely fine marked £1.5.0 & 10. at once took it. We know of such a mistake occurring in London this summer. About two months ago we received a frightened letter from another dealer in your city asking if we had received an extremely fine great of great merit in the condition worth £15 that he found the tag of it under a poor specimen with a few shillings that of the fine one missing & supposed it was sold at poor price. We had not received it and had not bought any specimen of the coin. In this instance it most likely was done at the sale by the party who got it.

I absolutely know that I remarked this coin that I can very clearly recollect it is the example sent me back as I noted it as I have often felt at my loss that I would pay for it & after ascertaining your stock you can see I think we have made a mistake and retain it hoping you will

Dear Sir:

Your esteemed favor of the 4th with Cash $308.20 Rtd 219.90 dis 24.25 $62.35 (Ans 8 & 2 = previous letter 2nd) balancing a/c upto 11/25 invoice received and for which we are obliged.

You will find it will pay you as well as us better to make 15 day returns, for we will then send you coins that we would not at 30 days - Why the package that went to day amounting to £7.14.30 contains some of the finest coins I purchased and which at 30 days time we could not have sent. The package sent to day is a rare one containing as it does old coins that are not seen every day even in the cabinets in Europe certainly not to be duplicated in America. the prices too are such as to command trade & we can assure you 10% off leaves much of the amount of the profit either.

Half cents are scarce going up constantly and not to be had at old prices anymore. I notice under same category What class or subject do you mean the Numismatic books to be on. Give us the and we will quote wholesale prices

F. E. Merritt, Esq

Dear Sir:

Yours of even date with $125 rec'd and for which we are obliged.

We wrote Mrs E. J. Fisher of your City to call and see you & see the pieces we sent you. - he having inquired for same - but as you state you in first we sent you & have so informed him. Did he receive one & name and address from you?

Hope you like & take good & the pattern &c &c

E. J. Fisher. Esq

Dear Sir

Yours of 16th rec'd it was too late for sale this month as it only arrived on the day it was taking place. Had you posted it on 3rd when it is dated we could have used it in time.

Have sent a selection of nearly all our patterns in a package going to Mr Merritt of your City please call & see them — no doubt he will be glad to see you whatever you wish of them. He had written for them previously to the receipt of your letter & of course first come first served. However you may have better luck next time; if you will send us a list of your wants we may have some of them.

D. Wm S. Smith, Esq

Dear Sir,

We have 1839 dollar very fine $32.50 would you care for it? Your esteemed favor of 6 with 30.345 duly received and for which we are much obliged. We were amused at the sly remarks you wrote of - though we did not hear them at the time of sale.

Your favor of 12 with check $130.60 & Coins returned received all right and for which we are obliged.

The delay in sending Crosby over was that we were having it bound but on receipt of your letter we went & bought it fortunately he had not touched it so we send in parts.

Also send Warner & Bushnell catalogues both of which you will find of great value to you. as Bushnell had the finest collection in the country.

Sorry you do not take the 92 Washington as it is a piece of the first water & a coin rarely obtainable in any state of preservation and this being one of if not the finest known specimen it is doubly desirable & we hope it will get up as it should.

Send us 92 Colonials by mail.

Yours Truly, W. E. Chapman

John G. Mills, Esq

Dear Sir,

Your letter of the 9th was duly received The best consolation we can offer you is to send it you for approval, as many of the lots as we may have bought for stock and which we have done to-day by express.

Fortunately we secured the two most perfect gems in the sale the New York NON VI VIRTUTE VICI and the 1796 cent and we place them to you at lower prices than we would to others. H.C.Jr. shouted out after the NONVI was sold "I would not have let that go less than $100". We had $60 bid from another collector on the 1796 and had our book marked to go to a much higher figure than you bid. We were astonished we got the perfect 99 dollar at the prices we did. They have brought 3/8. within a few as Bispham sale for instance.

We enclose for your inspection your letter containing your bids dated the 4th postmarked Albany Dec 5 6 PM, Philadelphia Dec 6 11 AM (too late for 11 o noon delivery by carrier the next being 3 PM) received at our office 3.30 PM. our Father came in about 4. and telegraphed the bids that he thought would be of any use beginning with 528 as you will see by his telegram which we also enclose.

We received it at Bangs at 5.33 PM. - then selling lot 650.

Yours sincerely

A. H. & H. Telegram

NB Our prices are based without bids as to your bid but we give notice that with com. added your bid amounts to no more than 1st charge.

Please return your letter and the telegram. Western Union are very slow between Phila & N.Y. taking usually two hours.

We enclose bill of a few foreign coins in box the morning - before the other bills were enclosed.

Dear Sir.

Yours of 11 with £24 rec'd.

We are surprised at what you say about only wanting one coin out of each lot — we did not so understand it, and surely you must know the lots are not divided at time of sale — where would we be if they were — 700 lots in one afternoon & if broken up would make two lots & sell — it stands to common reason that they must & are sold as catalogued. However we will let you off this time as you seem ignorant of the auction rule but we will probably lose on that lot yet.

We send herewith

F. E. Sherrill Esq
Dear Sir:

Your favor of 13th with $27.50 to pay for the coin received, and for which we are obliged. If you wish the proof sets changed send us the pieces that are tarnished and we will remove it making them as white as if just issued and return the coin in the book.

As to the difference in price of the two patterns it is caused by their being purchased at different times and not looking back in stock as to ascertain the price but as in this instance the former were the cheapest value there is $250 or $300 as you desire. Just bought a collection of Cents & can supply any date so if you will send list stating condition date &c of any others you may want we will make you up a selection for Sherrill work book

Yours Respectfully

J. G. Mills Esq
Dear Sir,

Yours of 14th rec'd.

Priced catalogue sent to-day. Perhaps Mr Few-Eyck would buy the other if he could price in the 4 pages ~~from yours~~ but if he does not want it Kindly return.

The fine coins sent a ~~few~~ day or so ago can be returned when the other parcel are coming. ~~appears to be approved~~ The crown of 1479 & Mexico Victoria are gone & we doubt if their duplicates exist in America - they were the only specimens I could procure and of 1479 only saw one more & I believe 800 francs was asked for it (will know shortly as we have written) I dismissed it from my mind knowing that the price was beyond our market. The one now in your hands I got from a person who had recently purchased it and I think had not looked it over - selling as he supposed

It is our intention to send it to Europe if you return it & you had better take it now if you wish it. Not always and the first crown. We did not get any of the Mexico Jonston nor Nova Scotia think. Did not know Colonies would send in such ~~Money by Express~~

G. Arndt. Esq
Dear Sir.

Your letter of 7-30 was received and as you said that you would see we were paid we have waited but it seems to do no good and if we do not receive the $24.15 we will place the matter in the hands of the U.S. Government detectives to arrest him as a swindler using the U.S. mails - they will soon locate him & we will have it pushed to the bitter end - a meaner swindle there could not be and you should pay it your self. We will wait until Jan 1. to hear from you and receibe payment.

As his father and to keep the name of Arndt out of disgrace you should pay this ~~just~~ amount in fact we are surprised you have not done.

Besides placing the matter in the Government hands we will (Jan 1) send notices to the other dealers and the Jamestown press publishing him.

Yours Truly

Messrs Spink & Son:

Dear Sirs:

We must ask you to excuse delay in making up charges for the pieces brought on approval, and thank you too for the courtesy shown us by your waiting. Twice I took up your account but could not make head or tail of how it stood from the slips and not being able to find your statement of 24 Sept. laid it aside hoping to find it & see if it would aid in the matter. After repeatedly searching to it Without success, it was not until last night that I discovered it and with it saw how we stood very quickly. My brother in taking 12½% off of the Theler & Thurium did so reading your 12½ as applied to £5 or over & certainly it is so written £ 5 ... being separated by the red pin in paper & spread apart. On this basis he let a collector have the coin at your price sooner than return it – but the loss is advance after that it pass. So there may be not slips between the cup and the lip we remit Jan 1 on the Chase £3 price the time when our customer paid he would pay for & take it and retains also Ag July 12. Franklin medal in silver & Sp in Wm Meade returning as

is too heavy to place in mail for 1/2. The prices are too high for this market and the least hearing no resemblance to Franklin also detracts from its desirability.

We enclose herewith draft on London for £24. 6. . to pay for the following —

Can you give us any description of №160 Syracuse 6 £2.10.0 gelt. We have not been able to find it & fear it did not come over - We checked off all the other lots but it never turned up. We did not buy any Philip I Thiany 6d for you. Hope you found what became of the fine one you thought we must have got.

The War medals are selling very slowly in fact far less than we expected though we have exercised every means to push them upon coin. We enclose a catalogue of those sold and yours, and which we distributed broadcast. We will return those not sold.

The Collection of Indian coins we regret to say we could not sell. Shall we return the Catalogue? Many thanks for sending it. We fear the last even more could not buy being short of cash and the American collector seem to have supplied nearly all they lacked.

We are very much obliged for the many kindnesses you have shown us and we only hope to have an opportunity to reciprocate.

Since my return my time, and Brothers too for that matter, has been much absorbed with our new Mother who has and is very ill and then trying to get our purchases into stock & sent to our patrons that we are nearly worn to death; and have worked up to 10 o'clock every night & only two nights have we been able to get to bed before 12 M. Is there any American coins in stock other than those I own? If so please send list of same for inspection & price. We will then see and write you. Hoping Eyre & Spottiswoode have sent you Shanahan's Early Coins of the Americas —

James Wheler, Esq.

Dear Sir:

We have not been able to find your bill for those books since I returned and fear have lost it. So please send us a duplicate, with retail prices of them attached. So we may know the London prices. My recollection of the bill was about £12 so we enclose a draft for that amount £12 on London - and as there is 33 Shillings to our credit for 2 Doggersbank medals (3/- less 7/- for Nat. copper bought for us) this must come near a balance - if any over place to our credit. We hope have both the small gold war medal & will report later - soon.

Did you buy that 50 gold coin at the recent auction sale? We left a bid with you of £13 33/6? I think.

You did not replace those two silver copies of Nicomedes & Tomiris to give us the damaged ones. Did anything turn up about the Copenhagen Statuette? I never heard a word from him.

Hope you are well and wishing you a happy Christmas & New Year for remain Very Respectfully A. H. & H. Chapman

Josh. G. Mills, Esq
Dear Sir:
Yours 17 recd.
Glad the Nov 11 is a gem and we are glad
you take it.
Now as to the 1844 dime, as you are probably buying ours from a rival
dealer to supplant ours, we think it makes a slight difference in the matter,
had you purchased a finer one from us we would take it at once - however
we will make you this proposition, take the 1796 Liberty Cap cent we
have just sent you from Shattuck Sale 3rd for we will take the 9 & 30.
As to the Cambodia ticket we regret we must decline to make
the 12½ allowance - (not for the amount) as we do not see why we should
& it would be establishing a precident that would be a constant
annoyance, tangling all our a/c's up and never closing any
invoice. If it were to be held in force we might with as much reason
ask for the payment to us of any difference between what we now ask for
a coin & what a collector would have paid us years before - further it would
make us compare every coin coming into stock with all previous prices & the
mark it at that figure - irrespective of its cost, which in the present instance
was in favor of the coin now in hand. You will see it would not be practicable

Yours Very Respectfully

Messrs Rollin et Feuardent

Dear Sirs:

Enclosed please find draft on Paris for 1500 fr on a/c. Will send the balance shortly - maybe next week. Have had to buy two collections lately which took a lot of our ready money. Please advise us of the amount you allow us for the gold ear rings and wooden idol (latter sent from Cuba).

We enclose our very fine Spintria price 30. dollars or 150 francs. It is extremely fine and the best we have had.

Did a blue Louis Philippe cut and saucer arrive after the case had been sent away? We paid for one that was to have been delivered to you and as it was not in the box we suppose it arrived too late. The case of the set of Sevres (tete a tete set) was all broken in pieces showing it was badly packed on it - otherwise all came safely.

I desire to thank you very much for all the trouble taken with my affairs and also the many kindnesses shown me by you all. Please convey to Messrs Feuardent, Gros, Monsieur Rollin & their ladies our regards and wishes for a happy Christmas & New Year

Very Sincerely Yours

Dupl. from Ex. Gen. Titus

The above list contains a coin each of Emperors of Rome during the height of the Empire from Julius Caesar to Commodus under the latter of whom began the decline of Rome.

The only coins of Titus at present in stock are a fine Colossal bronze & a medallion each at $7.50 The coin of Titus of 20 a denarius will be supplied in exchange for the latter. It would be interesting to find the exact year each was struck & the Tribunitian Power. Accordingly a number of times like the emperor had been saluted Imperator.

Mr. William P Brown

Dear Sir,

Your letter of the 24th was duly received. Will send you the dimes and half dimes in a day or two as soon as we can.

In regard to the proposition you make that if we will grant you a commission of 10% on all the customers of yours whom you turn over to us, may buy during the year 1840, we will say that we will agree to do so and his account in our ledger to be open to your inspection during and for one month after, that year - provided of course that he is not already a customer of ours.

Please inform us what grade of coins, and second-hand - does he want the finest condition and rarities - how large an amount at a time can we send packages of $100 at a time. What reference have you of him or knowledge of his responsibility.

We have an immense Stock of fine coins and medals for larger than any one else in this country has ever had and we have found no one whom we have not been able to send all he could buy.

Yours truly

Dear Sir:

Mr Roberts letter enclosed.

Dr Stern. Esq 12 30

Dear Sir

Our estimate taking each lot separately came to $52.29 but to make it even money & beg to come to a meeting point we offered the Co. As a last resort we will add $5 more to our bid making $65. but will not give the $5. as we must make a trifle at least on them. If you accept this offer telegraph us in the morning or before 9 the & your answer will end it. We can but little know which way it goes as we have the other lot only awaiting your decision. You are getting a big price for them and if you will consider your own interests you had better accept when you can. If you accept Ship tomorrow & Check will at once go to you for the amount. We have had considerable trouble with the lot. (You know the rules and we hope this will at last end them - even if we are [illegible] a trifle in the meeting place.

Dear Sir.

Yours of 4 rec'd.

You make a mistake as to amount of your bid on the 1796 cent, which was $60. not 65. The qualification on the 1835 debarred its execution as the cent is not sharp ~~with stars &c.~~ We send you your letters of bids which after examining kindly return.

Very Respectfully

Geo W. Copas Esq

Dear Sir.

We regret the delay in answering your letter but it has seemed to be unavoidable On my return from N.Y. on 24 I was taken down with La Grippe in bed all 26 & unfit to attend to anything on 27" then Mother took it and for a week it has been that we did not know what the next hour would bring in her case. She is slightly better now so you can see it has been from no desire to neglect you that the delay has been caused. We are surprised at the amount your party wants for the notes and cannot see how he figures it. Our estimate came out $39.10 and we will make it even $40 each. The coins are not a saleable lot and the amount $5 allowed for some nuts with Mr. C's approval but he would not insure and so $30. is the best on the nuts. Other offers are satisfactory advise us & check will be sent.

Very respectfully

Washington before Boston, from the Original die now (Valuable) in Paris - old impression Very fine bronze 2.50 It is far superior to the Mint production which is in fact only a copy, made here from the genuine medal & is poor work. Shall we send the above? There is a lot of U.S. Offered cheap we will buy all we can obtain.

Messrs Bays & Co.

Gentlemen:

Yours of the 8 received.

In our years of business together we feel that we can say that our bills have been very promptly met, and we think the instances to which you refer were where the date escaped our notice and then only a day or two elapsed. We have been pretty good customers of yours and made many a coin bring more than it otherwise would had we been absent. We do not like the idea of treating it as a loan, as it is due us and not due you until the 23rd, and it is a plain simple transaction of business.

Very Respectfully

No fine 1830 in stock. We can send you a large choice of Roman denarii both Imperial & Consular at prices about as cheap as you can purchase at auction and what is more to the point is - that we guarantee genuine every coin and you see it before you pay for it. The denarii in Palmer Sale were a lot of rubbish and when we saw them around out our agents on all but three. Please state what class or rather Series you are interested in Consular or Imperial & if you would like a selection on approval and at about that price. We have a large stock of 1/2 dimes and should be pleased to have a list of those you want. We can give you satisfaction in your purchases which is more than we find several collectors have got from Boston Sales.
All years of cents in stock.

Henry Metzger. Esq

Dear Sir.

Some days ago in looking over our books we found the copy of bill of coins purchased for you at our sale 17th. 1869, that it had not been paid & coins were here. Not knowing what to make of it we wrote to Mr Merritt to ascertain if you were etc in the land of the living & what the matter could be. and his reply is just to hand, that you had written for us to send them & you would remit - this explains the whole matter, as that letter we believe never reached us, however we hasten to make matter straight and send herewith the coins amounting to $33. No 615 1857½ cent proof we find had been laid aside on one of our trays & getting separated from the others had been sold without its identity being known, and consequentally we are unable to send it & trust it will not make any difference to you. Had it been known that it was one of your pieces it would not have been sold.

They are a desirable lot of coins and we trust all will be satisfactory

Very Respectfully

H. H. & A. Chapman

F. Mougey Esq
Dear Friend.

Yours of 7th received.
Many thanks for your kind wishes about Brother and it is with delight that I write this a little letter to day & we are now hoping the worst is over. The La Grippe has been terrible in this City, many dying of pneumonia etc, after having it.

We send you herewith a few lot of prints amounting to $450.70 and trust you will find many among them that will please you. The 1795 dollar & 1804 cents are pieces you will find it difficult to obtain. If you want to send us 1838 dime we start business must have a $375 or will take it now & the rest of those 1830 cents @ $1.50. send them on. Several of the pieces sent are some of my purchases in Philadelphia.

Yours respectfully S. H. & H. Chapman

F. E. Merrill, Esq

Dear Sir:

Yours of 8th with check for 10.05 discount credited 1st inst. 10.05 balancing a/c in full to date. We have made up what we believe will please you a fine lot of coins amounting to 20.85 on approval herewith. Keep them 20 or 30 days if it takes this long to see all your customers but if you can return those not wanted before 20 days it will oblige as we have constant demand for just this class of coins.

We enclose a parcel for Mrs Metzger, which please hand him. We never received the letter to which you refer and that is the reason the books have remained here all this time; however we trust it will all be right now.

Please acknowledge receipt of this

Yours truly

[illegible]

1st 10th

E. Shathouse, Esq.

Dear Sir,

We enclose herewith full statement, bills and draft for £ 317. 11. 10 on Brown Shipley & Co. London in account of coin, with coins and medals returned in box per United Foreign Express Co (@ 75-6 aboard London) yesterday, in full settlement of all property of yours delivered to us for sale during the past Autumn.

The box we advise to be insured for $1000 cost $9.50 freight 2.75 = $11.25 which is to cover all charges except custom house expenses.

Your telegram was duly received on the first and we could have returned the coins brought for you a week earlier but that we were both sick with that influenza or La Grippe, which also affected me further most seriously and for ten days we thought it added to her chronic, serious malady, would some result fatally but to-day she is better and we are thankful to say that of yours for the present is extremely weak.

We have not received a letter from you since the sale-perhaps you have had the epidemic also and if so accept our sympathy.

Very truly yours,

S. H. & H. Chapman

Dear Sir.

Yours received.

We have an immense stock of foreign copper coins and will be sending a selection to Mrs J.D. Eastin shortly, which you can see and purchase from.

The German States are represented by choice specimens and we doubt if there are many we could sell in quantity.

We have 500 mixed foreign coppers average good & fine that we will sell for $12.50 A very cheap lot they are at this figure, which is in fact higher cost in Europe last Summer, where I purchased them. If you desire the lot send $ Check & they will be forwarded by express.

Dear Sir: Very Respectfully

Yours &c

We have Wm & Mary & Geo II crowns, but unfortunately we had sent them out on approval the day before your letter reached us, however we expect them back early in the week and will at once make you up a selection of English crowns and send on approval. We have a very fine and almost uncirculated Edw. 6th crown will send the first mentioned.

Very Respectfully

Dear Sir.

While thinking over some financial matters to-day I said to myself, I must not forget to send Sir the interest on the 2½ as I had fixed in my mind it was due in January but I went on the count of months and found I had made the mistake of a month and that it was due in Dec. 1872. I enclose my check for $24 for interest of $2 for 6 years from June 1872 to Dec. 1878 and ask they pardon for my bad mistake.

We also add a trifle to remind thy kindness of years in coming on as they occasion & aid me and we insist that you accept it.

Don't leave thy family if there is the slightest sick often needing thee. Mother is greatly improved ate the soft part of one oyster for supper in addition to two small slices of one roast beef at dinner and has no or complains of no nausea.

Use (deliver) check in receipt as bank is in a financial-mess seems to be cleared and if the Resolution containing some merciful one friends of Missing Persons are elected we at once know it &c.

Mother moved like to have Annie in also but does not feel able at present and too weak.

I will be in Ky. 20th & 24th inst.

Love to all,

Affectionately

We enclose our check date Dec 23, as requested

It was not a question of being in need of

to have it properly balanced and in a manner
that could not be construed to the advantage
of either party in the future. It may be proper to mention
in connection with the above that Mr Shorthouse was

Dear Sir:

Yours of 11th rec'd.

We are obliged to you for prompt return of the coins – as we had an order in for the 1807 & think party will take it.

We regret to say we do not wish the 1850 cents – had an order for one about 12 however as they are here will will give 2 each or 6 for one piece of 3 as a lot we would not give over 12 as they are so weak as to be unsalable. We hold the 1801 ½ dollar pending your reply. It is a remarkably fine piece.

Yes we got a good lot at Shortsville Sale – paid well enough for some others though.

Much obliged for information about Cleary &c – keep us posted – hope they will come out square.

We shall be pleased to have you call whenever he is in the City & we can be of any service to him.

Very Respectfully

Thomas Warren Esq.

Dear Sir

Your several letters as acknowledged below were duly received but owing to the illness of our Mother we could not devote the continuous time to select and mark the Jewish offer and laid them aside hoping each week to find opportunity to do so and also owing to the absence of H.C.J. until Oct. 5th a/c by which date a great stock of business had accumulated which we have only got cleared off now

Just for instance to show how we have been interrupted — about two weeks ago we determined to answer your letter and laid out some time wanted — when Mother got this influenza and it added to her already debilitated state made her case seem hopeless and we had to neglect business for the all important work of nursing her. Relapse after relapse followed each other during the Autumn and we scarcely no sooner get her nursed over one and say to ourselves now we will get some of the back business rubbed off when some little thing would cause another relapse. She has lost much ground during the last

four months but is now we are thankful to say recovering from the influenza and has been able to get from bed to sit again dressed and just in the next chair.—

Therefore we moved ~~ask~~ ask your pardon for unbecoming neglect—which was not from carelessness on our part for we esteem your friendship most highly. The writer is so tired—tired of being tired!

The following letters were duly received from you and ~~each~~ our postal a fortnight ago—and acknowledged.

July 7th Bill of sale 6.17 ~~but~~ for cement in No 30 and not carried out—add 8 account

Sept 23. $10. enclosed. N.C.P. not home until two weeks later and could not reply to inquiry for Chamnicer, F. & E. Columbus etc that he bought abroad. Have only now begun to arrange the coffer can be brought. His actual cash outlay was $7500.

Nov 16. $10 enclosed & rdd [illegible]. The price of coffer and interest to us.

Oct. 21. Inquiring as to purchases abroad. See Sept 23.

Nov 19. Similar. Also read Madden re Jewish Coins, We send the new edition herewith.

Dec 2 Bids on Shorthouse sale—also requesting above inquiry

Dec 14. Reminding us etc. We send 4 copies of latest pamphlet.

Wishing you a Happy and Prosperous New Year

We remain

Sincerely yours

How small this World is - & so you are a relation of Mr Rawsons! - well they are delightful people - but that you need never be ashamed to own kinship to.

As to that coat I think you are a little hard on me - I want it and have a personal desire to possess it - but regret today that I so far as to borrow it, how than it is worth & precludes any declining it. Now I will venture you one offer on my own of £12. well to you, cash. That is the future you had it back & take I dare it. I saved you £7 by bringing your coins over and a can they were too, and as this £12 will pay you handsomely I hope he can will be mine. If so [illegible]

Francis Lefevre, Esq.

Dear Sir,

Your letter of the 9th was duly received.

We should be pleased to undertake the sale of your collection in either Philadelphia or New York. We have certainly fully tried both and have found the former city decidedly more advantageous. Up to 1885 we conducted our sales in New York but seeing it was to advantage we removed to Philadelphia, and, taking our own ground with our first sale here, the $10k dollar sale, we perfectly and it was an immense success the dollar fractional Liberty Head when the largest previous auction price was $8. We have held many sales here since and amongst others a large one on May 27th & 29 1889 bringing $5170. a great success as it only cost the Collector $300. There recently be held one in New York again on Dec 6th the very fine collection of E. Hawthorne Esq. of England which brought $3174 - it did well but we think it would have realized more in Philadelphia - as the former more advantageous.

We had the largest attendance at a New York sale since we held the Buchanell in 1882. The Hawthorne collection was

were placed in the hands of A. C. f. during his stay in England last Summer and as the owner had heard more of New York of course, as a commercial centre he ordered that it be held there ~~through~~ through against our advice but with our expressed willingness to hold it in either city. We are you will understand, to have it in legal shape in full practice in both cities

We suppose you are familiar with our work in cataloguing but if not will send examples of our catalogues.

We have held the most valuable sale ever sold in this country the Bushnell 1882 total $73900.47, and the largest in number of coins the Warner 1884 20000 pieces total 7474. for both of which we issued quarto catalogues the finest ever published here or abroad.

We are thoroughly versed in all series which is what no other party is, both having been in Europe twice and the junior member of our firm for the third time for four months the past Summer when he purchased the finest line we ever made costing $7,500 - large for this business.

Our rate for conducting a sale is 25% of the gross proceeds and this covers all charges, auctioneers fees, distributing catalogues, printing and cataloguing and we return the amount of the sale less this commission 35 days after sale as stands.

We will make advances if desired. After all the expenses are paid it leaves very little for our service.

Sellers have no especial advantage with us as we are always willing to buy all lots that would afford us the slightest profit and we therefore stand as a buyer in everything against all comers and thereby protect the collections from conspirators or combinations.

The rate above given is our regular rate and the course

as paid on the Montthorne sale Dec 6 - May 27 & 29 [illegible]

We would do our utmost to make the sales successful and as we have the largest business in this country we have such a patronage that all our sales are successful. It is known that we state the conditions of the specimens exactly and bidden only upon and do not discount our statements and therefore send bids up to the value of the coins.

Any further information you may desire we will be happy to furnish.

Awaiting your reply, we are

Respectfully yours,
S. H. & H. Chapman

Dear Sir:

Your letter of the 15th received. We would herewith by express two 1804 cents as shown and would recommend them on account of both having original surface-not blade from corrosive- or abnormal wear and selection.

The die in perfect state is cut to four stars before & after.

1804 Cent. Die broken RTY. Very fine. Olive color. Very rare $30.

Geo W. Cogan Esq
Dear Sir:

We were evidentally both waiting on the other for your letter of 7 which was marked "no ans" & filed away as you had our offer and said you would "submit it at once" So we waited your reply. $70. is all they are worth to us and being a not very saleable or desirable lot are not very anxious about them, can use the money in winter paying lines.

The gold medal is no doubt rare but while we will at once write one of our customers, still we think it hardly likely that a sale can be effected & would be [illegible] use in sending it on.

Yours Respectfully
Geo W Cogan

C. F. Gunther Esq
Dear Sir.

If you could send us a check on Saturday for the $364.87 we should be very much obliged. This is exclusive of the $7.35 for goods on approval. We have two more coins of the Gunthers — one of which we think differs from those sold you. Shall we send it out? We have medals of many prominent men and wish to know if we may send them on approval also?

Mother is getting over the terrible effects of the La Grippe which left her in a very weak condition, and as she has so much work before it, we hardly expected her to pull through.

Wishing you a Prosperous & Happy New Year, we remain

Very Respectfully

Gentlemen:

Yours of 2[7] received.

We enclose draft to your order for $2 in payment of the Rolling gold coin. We did not have any duplicate of the piece in our hands or house & it could not be changed here. If R.M.S changed it (unintentionally of course) we cannot ask him about it. He did not say he had it or not simply returned it & others. H.C.Jr. has a desire for pretty small gold & generally buys it as he did a large number, but having seen so many coins cannot now recollect anything about its relations. H.C. away this week, but he left word to send the $2 & we hope this will make the matter agreeable to you

Very Respectfully

Dear Sir:

We do not publish any list or catalogue of our stock, as it is too extensive and constantly changing would render such a list valueless.
Our stock is very fine and extensive in every series from Ancient Greek & Roman coins to those of the latest U.S.
If you will tell us what series you are interested in, we can send you a selection on approval upon satisfactory reference.
Catalogues of our auction sales would no doubt be of interest to you and the next will send you some time in July.
Hoping to hear from you we remain

Dear Sir:

We enclose list of a most beautiful and desirable lot of Medical Medals and shall be pleased to have your order.

Will you please let us know on the Magdeleon Medal and make it 15?

The exact rarity of this piece is set forth by the British Museum book where it is pictured (Only the rarest are treated in this manner) and said to be extremely rare, a term that to them means far more than it often does to an American Cataloguer.

Please return the lists.

Francis Lepère Esq,

Dear Sir:

Your letter received.

We are fully aware of the fact upon which you state, that you can have it catalogued for 20%; but while this is the case there must not be lost sight of another and far more serious fact, namely – the result such cataloguers obtain. From experience we can assure you that the 5% difference in the beginning sinks into insignificance compared with results we give. Our charge of 25% is the regular one for perfect work and those who see fit to hold out a reduction do so with a full knowledge of their worth and value it accordingly. No one could be more alive to his personal interests than Mr Shorthouse whose collection we sold Dec 6.'89 and yet he placed it in our hands after a thorough perusal of our terms which offered him most flattering terms without avail. Our Numismatic Library is the finest in America (worth about $5000) and our

are in constant communion with it - Caring something in our profession almost every day. There is one point we believe we excel in, and a very important one it is - Namely that of being personally acquainted with, and enjoying the confidence of the largest dealers in England & the Continent, to whom we distribute our catalogues, receiving their commissions to buy. No one works so much for the success of a Sale as we do and we can assure you that after the expenses are paid we have a small sum with which to remunerate us for the exertions made.

We intend sending you on Saturday several of our catalogues so that you may judge of our work for yourself.

Would it be asking too much to say that we would be glad to have some more extended list or idea of the extent and probable value of your collection than contained in yours of the 2nd?

Hoping you will decide in our favor, we remain

Very Respectfully

Yours &c

We distribute from 6000 to 8000 catalogues for a sale.

Dear Sir:

Yours of the date ult.

I write with much regret that we are compelled to return you the 17½ cent for the reason that it has been seriously and irreparably damaged while in your hands. The weave has been cleaned and rubbed bright rendering it quite unsaleable to us and we return the 12 and request the service bolands as previously billed on the 28th and kindly send us the amount.

We are always willing to have goods sent on approval returned if not satisfactory and where the damage — if any — is slight we sometimes let it pass but in this instance the injury has been done without our knowledge or accident. I will let you hear from the Hawkes in a day or two. Just got in and the 6 yds you want 16 & 37 pieced but we have to 7/6 and 2 shillings

Dear Sir.

Yours of this date with returns for Capt 225 received, for which we are obliged.
Your argument is a most unreasonable one, and we can tell you that you need not hold the per cent subject to our order. Suppose you were to send us a fine stamp on approval and we should apply acid or wash it to such an extent as to injure its color and value to you and then return it would you be satisfied and accept it? no, no we know you would not. A person has not right to do anything with an approval object unless he is going to buy it - then he can experiment as much as he pleases. You know this perfectly well and when you give more careful deliberation to the matter than you seem to have judging by the tone of contents of your letter, you will see the justice and right of our position.

A. Gallatin, Esq
Dear Sir.

It is only now that I have received a letter from Messrs Rollin et Feuardent, 4 rue et place Louis le Grand, relative to the cup and saucer L.P. Series #6 that you were to send them in a day or two after my departure. They state that it was never delivered to them and as it was not in the case with the other things I fear you never sent it. You may remember my paying for two cups and saucers - blue with Indian cupids - and you had but one, but said you could procure the other and would have it delivered to Rollin & Feuardent at once. Will you please write me about it and if you have it already sent it to Messrs Rollin and Feuardent as above with instructions to keep for me until I write for it.

It is with many regrets that I inform you that through the carelessness of your packer the Service

483

the fancy box were all broken except the tasse or tray which is perfect. The packer did not put anything around the pieces evidentally relying on the cushion to answer the purpose but it was too thin and consequentelly of no value. The tray had become loosened and falling over on the other pieces had destroyed them. The Madame told me when selling them to me (paid her 150 fr) that if they were broken in transit she would pay back the money. Now as the tray is perfect I ask you to refund me ½ the account paid (150 fr) or 75 fr.

The freight and packing of the goods was very much some 200 fr. ~~and so far~~

The price I paid for the cup and saucer of St Cloud was 15 fr and if you had not already sent it to Messrs Rollin & Feuardent send the 10 fr to me direct and never mind supplying the "tasse".

Considering the account I purchased of you and the express understanding about your repaying me for any on the Louis St Cloud set I think my request for 75 fr should be complied with.

I should have written you before on the subject but had not my entire attention been demanded by the critical condition of my brother who is better though still very ill.

With regards to the good Madame who so kindly attended me

Dear Sir:

The receipt of your Jan "Natl" reminded us of our neglect to answer your of Dec 24. Sickness followed by an accumulation of business in the mean time. We enclose 50¢ for the Washington invitation reprint. & return the balance.

W. T. R Marvin, Esq
My dear Sir:

Your esteemed letter of the 30th ult. to hand.

We can add to our former remarks about Thieme's catalogue that we have received them for years and have yet to see them advertised any coin that would attract an American purchaser — the prices are as high as, if not higher than the same coins are sold for here and we fail to see in what particular the receiver finds him cheap. As far as we can see at present it would be best to let the matter drop, for the advice to import through an American dealer would only be heeded as long as the first few invoices and then the collector after saving how it worked would throw the US dealer overboard — in fact we can say we know this plan to have worked in first class way

We send you herewith a list of Masonics amounting to $10.50 under sep. cover by express charges forward. Very Resp S H & H Chapman

Allan Wyon, Esq
Dear Sir:

The medals have arrived quite safely and we are much pleased with them. Allow us to say that the exquisite work displayed upon them entitles you to great credit and we hope you may long enjoy the high opinion you are now held in by all lovers of the beautiful in medalic art.

We are very much obliged for the two Longstaff medals which we were very glad to get.

Should you have at any time in the future Medical medals - whether of individuals or events we should be glad to buy them & would you kindly send us a list as they occur.

What would you charge us for the dies for a medal of size 48/16th of an inch - the obverse to have the head of an individual - the reverse a wreath and inscription. Please advise for a similar medal, the reverse to have a figure of Hygeia - Also of size 32/16ths. With best regards we remain Yours (Copy) Faithfully & Co. T. Chapman

We have just purchased a medal of which the following is a description, and if you could inform us of how many were made in the various metals we would esteem it a favour.

Crowned head of Victoria by L. C. Wyon. R. Inwood was the THE BRITISH GOVERNMENT TO THE OFFICERS & MEN ENGAGED IN THE AMERICAN ARCTIC EXPEDITION: in gold Cased AS A TOKEN OF GRATITUDE FOR THEIR GENEROUS SERVICES: on edge WILLIAM GODFREY.
Silver. In the original Case. Size 1/16 in.

Yours &c

Messrs Rollin et Feuardent

Gentlemen:

Your letter of the 7th received.

We are much surprised at your not buying the articles we sent you.

No 1. "Une statuette Egyptienne". Please keep this until we are again in Paris.

No 2. "Des boules d'oreilles". Tell us what they are worth to you.

No 3 "Epingle". Let us know what you will give for it.

When in Paris I spoke to you about Nos 2 & 3 and you said if we would send them to you you would buy. The Epingle is exactly superior to the one of same design in your collection and you sold us the same price, we believe, as we now ask you.

No 4. 5 Couronnes D'or please return to us by registered post, and see that they are carefully packed so they cannot be bruised or injured.

When in Paris I told You a Circumstance

and I thought you would like to have these also.
We translate your letter to say that we ask double what
you sell them for. If we rightly interpret we would
say that we wish you to send us about 10 or 15 pieces
and if they are as fine as ours we will buy them at ½
what we asked.
We enclose draft for 959.80 fr to balance account in
full. In the Statement which you send you have
included the business with Mr Whelan in London
which we have already paid and balanced with
him, We therefore strike out the English account
we find we owe you the balance as above stated.
We have written Mr A. Gadaire about the lasse, which
we suppose he was unable to procure and hence un-
able to deliver to you.
The person who packed the porcelaine was very remiss
in not placing more material between the cups etc, as
he only left the cushion which was too thin and the large tray
in top of the lid not being properly fastened had fallen
over and smashed or broken all the other pieces.
One plate had a chip out of it but otherwise they came quite
safely.
We are glad you have bought the Statue at Cologne and
If You will send us the photographs that I sent you
from Berlin I would like it. When you are ready
to do so we hope you will send a good share of the profit with
We both send our best regards to you all and desire to thank
You for many kindnesses. Yours sincerely with you best wishes
We hope you are all well and will have a prosperous year. Very Respectfully
S. Hall Chapman

Robert Day Jr. Esq.

My dear Sir.

I must ask your pardon for the seeming neglect in answering your very kind letter, but since my return it has seemed as if every moment had twice as much to claim my attention as there should be.

My dear Mother has been very low and since Christmas the struggle with the La Grippe has been one of great anxiety to us. She is now somewhat better but so reduced and weakened that great care has to be exercised to see she does not have a relapse. Your humble servant was also a victim and could not receive the expressions of "Wish You a Happy Christmas" &c, as we had none but anything but happy.

The Khartoum note is certainly interesting but I fear our collectors here are not sufficiently enthusiastic on the event to pay us a profit on it.

We sent you a copy of our Mr. Neal's telegram

1 31 90

H. T. Leyer Esq
Dear Sir.

We can now fill your orders having ~~not~~ bought the Series of Mint medals and we believe have all of their issues.
Would you like to buy the entire Series of Presidents, Naval & Military Officers?
Allow us to say that as each medal weighs some 1 to 6 oz it will be quite an expensive matter to you to have them sent separately - one now and another two weeks or so after. You can judge of the amount when we say that for the medals the Mint charges $2 for we will supply at $1.75 & those they charge $1.50 for @ $1.25
We shall be pleased to have your order & if you desire to take but a few send us a skeleton list to be filled in case any of those wanted first were not in stock.
Yours truly
W. T. Leyer

Dear Sir:

Yours of 31st rec'd today. We find we did not send the envelope but now enclose it. The bill could not have been mislaid, nor could the bill have contained 90 and been put in the envelope very well for it was too full. We did run through the bills and saw their character but did not wait to count them. We think your party should be quite willing to reimburse you when the matter is explained to him. How the mistake occured is of course unknown, but often in counting the mind runs on & skips from say 30 to 90 and begins again. As no one is to lose and it seems quite the fair thing we hope it will be satisfactory to you to balance @ 31.00

The Cro well ½ crown we could not use at price and as to the cents of 1795 & 1796 and then to us we will at once report offer. The 1795 ½ penny is worth 50 cts

Will write at once about coins.
The other what the English dealers call the three Crowns ½ crown known. Have a crown dollar also.

Dear Sir.

We had these coins over with us at the Davis Sale but did not see your there and so now send them by express on approval.

The pieces you list are all very rare but if you are ready to buy I may make you an offer all for you.

Elizabeth crowns are one of the articles in this catalogue that must be seen before they can be compared — the [illegible] Sale of 1880 & the one we enclose are both different coins that you would hardly believe it unless you had them side by side. Sold at auction in London & Paris may see what we bid & let us know. Send your duplicates that would be worth while to us. We are [illegible] buyers. Already subscribed.

I have received today your

We were aware that 1872 were not medical, but being

anything about your last favor; have supposed
you had it & would so report.

R. B. Winsor, Esq
Dear Sir:

We send you by express this day - charges prepaid - a neat beautiful lot of coins and medals amounting to $50.00 and we hope you will purchase many of them thereby securing some additional pieces to add to your magnificient collection.

We can recommend the Washington ½ dollar to you as being a specimen you will never see a finer one of - it has been known for many years as the finest specimen known and not only that but there is not any approaching it for perfection of condition. If you have one in poor or very good condition now in your cabinet & wish to buy this, allow us to say that we will purchase yours and would advise your securing this fine 1838 ½ dollar at once of which it is said - on good authority - that but 4 were struck! Only four are known to day & one of them is in the mint at Philadelphia

Come on the market. The 1866 & 74 are two more most desirable pieces.

The set of Victoria's Children medals are the only ones we have and we doubt if these duplicates have ever crossed the Atlantic. They are not sold we were informed in England but are the Royal Medals.

Very Respectfully
W. H. & H. Chapman

E. Shorthouse Esq

Dear Sir,

Yours of 21 - 22 - 24 received.

aug 21. You can save yourself money when cabling us to use our registered addresses on all our letter heads - viz - "Chapman Philadelphia" no more needed; but now we are speaking of cabling allow us to remark that we were not over pleased with your sending us the one about "no draft or coins received" such things are liable to influence and credit as they go through many hands before delivery - and it is more to be regretted when it is totally uncalled for. Had you consulted the Almanac or Calendar you would have seen that the "Gallia" was just being reported at Queenstown and the first cable to return coins was also quite unnecessary as we suppose you were not in great need of the coins. We had not desire to detain your coins - it was nothing in our pocket - but thought it best to hear from you before doing sending back. Don't have such a poor opinion of Americans or perhaps we can't in light of your subsequent letters, say, be ready to have one. They are not as bad as

as you seem ready to paint them.
Well here is one for you to answer – we have a unique Anglo-American Colonial coin @ 40 £ in stock and if it is worth £100 you have a "plum" – Do you take it?
What was the rarity or cause of the "Sydney veins" selling @ £16.
We are trying to wake up the Coin collectors over here and just bought £400 worth of fine U.S. coin – paid £43 for a single coin of our beloved Washington.
Mr. Howard paid you £10. for the '96 Cent, guess he is sick of it as he has tried everywhere to sell it & offers it to us for less than it cost. Side views are not in demand here now and we have both of your Pennies & 1839½ p. have a duplicate in stock also.
Your book of rubbings herewith is closed – Some good coins among them but prices too high – never will bring them. We can sell you a proof Kr as on your last page (10?) for £4. It is a beauty. We have Vermonts in @ £7 like yours @ £5. The Jerseys we would like (1786) but would not buy your figure. How much for the 1797. 1799 dollars.?
As to my Hawaii 5¢ it is very lightly cancelled in red ink and also in black, on paper as thin as gauze – a beauty and they say here the finest one known – Yes £60. will buy it but not £15. Offered £30 for it by a dealer. S.H.C will make a photograph of it – but for loan of damage or loss in transit will not send it away. – Lost one unique one through Scott & Co some years ago & for which they paid me £16.
The 1795 Cent I will have to let go of unless you kindly consent to let me have it at your former price £12. It is all it is worth on the market – See yours in your collection is not Fine @ £8. Hope you will send it for but if you do please do not take an impression or rub it up in any way if you do it will remove its desirability to me.
We will hold a Phila Sale in a month & I & will be pleased to have your coins to put in, but must ask you to omit limiting as it is not the practice in this country – at least only limit the few greatest rarities. They will sell quite as well. If you send, send by the Co. whose card we enclose – It is the cheapest – and do not insure up to the full limit – take a little risk. Forward at your earliest convenience. You will make a good sale. Not time at present to look after stamps – may do. Many thanks for compliments tendered me. In haste Sincerely yours
Lyman H. Low
Your coin will make three and glad you are pleased.

Mrs Thos Warner:

Dear Madam:

Your favor of 1/8 with notes between to balance of $1.95 and cash $11.70 receipts and credits We enclose the original bills [illegible] a new bill for those selected from it. The price of the Madonna is £2. in London, it is for the original book and it cannot be sold less than $2. The book Low is offering is either a Boston reprint or not the same as ours. even so he charged $2 for it in his catalogue - and we suppose he has so many on hand or has bought a remainder from the publishers. To endeavor to please you we have reduced the price to $1.50 I trust it will meet with your approval.

Yesterday your last letter arrived you believe the $11.70 balance is right but upon carefully going over it to day we find as per our books we owe a balance of $17.04 which with the $5.16 selected from 1.14.90 invoice makes $22.20. We went over our cash book and verified the receipts of all the money orders and hope you will find it correct. Please [illegible] [illegible] [illegible]

J. C. Comfort Esq
Dear Sir.

Yours of 3rd inst
We are at a loss to quite understand your letter yet- You ask for price lists of the sales - but none were issued, and you say you have the catalogues for which you paid us - now if they are priced in ink that is quite right but we cannot find where you ever paid us any money- will you kindly give date. If the catalogues were not priced there was no charge for them and until the cost for the pricing is in our hands there is no further obligation on our part to be fulfilled.
We do not find any order from you for Price Catalogues of the Sales of pictures you have sold
That is in all you want to buy?

Yours Truly
R. & J. Stephen

C. F. Gunther, Esq
Dear Sir.

We have just bought 3 different and very fine Washington buttons, also one of those bearing Washingtons head, that were presented to Lafayette in 1824 it is of beautiful work & heavy, gold plated.
There is also several Rebellion Prints & medals also early Mass Newspaper 1728 & others in black mourning & Washington deceased. Shall we make up a parcel and send on approval?
Know where we can get (40) an old fire back similar to those bought at Freyers sale. It has the Coat of Arms of England filling the entire surface and across base Oxford Anno 1758. Is in good, but rusted state of preservation but if blackened would look good.
Do you wish to take the beautifully bound book with prints of Luther & Melancthon? Writing to ask on account in Ref. to [illegible]

in the shape just bought $1875. worth of coins at the Davis sale & have $200. to pay on another lot tomorrow & after using all our funds (Paid out nearly $2000 in Europe) and if you can spare us the $364.87 we will be greatly obliged I dislike having to ask or trouble you about it. If we did not need all you available cash to pay bills would let it remain as long as you wish. We are carrying an immense stock of coins - high cost ones - and it make a fellow hustle to get $.

See N.Y. Jack is not likely to have the Fair - would hear much about it now a days but guess Chicago bounds a step. It would be a great thing for her to get it there & we hope she will.

Mother is about the same now as when you were here & I am suffering from a very heavy cold - got to look out it does not end me.

Hoping you are well & with best regards

Dear Sir:

The gentleman called to day as promised and after inspecting the notes offered us $70. for them but we told him we thought some one in somewhere would offer him to advance sooner than return them to you and we enclose check for seventy-five dollars but do think you might give us $5. out of the deal for we had worked hard to effect it and you set a big price.

He gave us one note worth $2 out of it for ourselves but for the trouble we have had the whole thing does not pay.

F. E. Merritt, Esq

Dear Sir.

Your favor of 5th inst with check for coins $108.20 / 30.90 / 139.10 balancing a/c in full to date, received and for which we are obliged. We find 50¢ is yet due for the priced catalogue of June 17-18-89 Date sent Jan 15.'90 suppose you overlooked it.

Your indignation at our selling to others in Williamsport is hardly called for - as we have not tried to cut you out at all in Williamsport, and when Mr Fisher wrote us we at once asked you if he was one of your customers and if he had been given our name by you - to which you replied that you had not & made no claim of his being your customer. As to how long we can say that we have known of him long before we had the pleasure of being acquainted with you and further the coins we sent to him were purchased on his bids at sale June 17-18.'89 and through not receiving a letter from him we knew they remained here until discovered accidentally by me about Dec 1 & then sent with yours [illegible]

You to be in intercourse with each other.
As to the few coins sent to Mr Fisher they were a few dates he asked for in dimes & how could he refuse to send them? They were not at lower prices than to you.
When you know us better than you do now you will find we treat every one uprightly & honorably & so far as we can see you must bear us out in this.
If Witness that we have treated you so. We had not made any contract with you that if any order came from your City that it was to be refused and turned over to you. however we have no desire to interfere with your customers - nor have we knowingly done so.
If my memory serves me aright we told Mr Fisher that our patterns were going to you & turned him over to you.
We have one dealer to whom we send $500 to $1000 a month & he sells all he can generally $200 to $500 but while we favor him in many ways we do not give him the exclusive sale of this City & one man in same City whom we visit personally we sell occasionally $50 or $60 to. They are both aware of our action & make no objection. We tried to have a collector give Mr Fisher his orders but one of our agts lately in town he was so pressed, not selling, and was protesting on regular buyer he got angry. We think you will find no reason for any trouble between us and to this remedy any in the past we send you to day by express all our new patterns - prices which no one has had out yet, or Quotes. Some of the old dollars were sent to Mr Fisher at his request but we send them to you, reducing prices 95 & 98 a dozen to you. (20 Sent through)

This is a splendid lot and we hope you will do well with it. Selling many. Please make returns on the 20th inst. sending check for those retained at same time (send check in letter so we get it on the first morning delivery).
Hoping this will meet with your approval, and awaiting your reply & acknowledgment of pkg we remain Very Respectfully

Dear Mrs. Winsor,

It is only today that the notification of express agent re accompany a package which we sent three days ago, that we learn with sincere sorrow of the death of your son Richard B. Winsor on the 5th of 12th Mo - only five days after I saw him ill in bed! He seemed so cheerful that I bade him farewell ~~and~~ expressing the hope that it was only a heavy cold - from which he would soon recover

He was a most pleasant patron and we shall miss his kindly letters and our occasional conversations when in Providence. What disposition will be made of his magnificent collection? If you should wish to consult us I would at once go on to Providence. We would be willing to buy it direct or catalogue it for sale at auction in Philadelphia or New York and should take a grateful interest in making a splendid catalogue that would be an honor to the museum amongst numismatists - like our catalogue (parts of) the Bushnell collection

Desiring to express to you our sympathy in your great loss, We are Very sincerely yours S. H. & H. Chapman

Dear Sir.

Yours of 3 rec'd—
We found to day that there was a roll of 35 French Assignats in your lot which we allowed for separately—could there have been what you counted brought the 90? We enclose the check for $40 though failing to see why we should stand the loss. The coins arrived (paid 40¢ charges on them) they are mostly only valuable for the silver, but two being fine enough or of sufficient interest to keep for a collection. Our offer is $11.—
Where did he buy those medals Charles Bell. 90! Will duplicate it for $1. & be happy.
We owe to Lord the 95 & 76 cents at prices.

Yours truly

John G. Kelly. Esq
Dear Sir:

Your letter of 7th Inst. Under the circumstances we will let you have the eagle for $11. We was not aware of your bidding for it, - in fact did not notice who his competitor was.

What you say about a dealer not bidding upon a collector in the auction room would not be fair to the dealer, who to use your argument might attend a sale like the Davis and not get one of the good pieces, while persons whom he knew were collectors would get coins for 1/2 or 2/3 what he would gladly pay and where would be the proper place to draw the line as to price it was as you say? The dealer has to make his living by it and we think you cannot fail to see the injustice it would be to him, if his bids were to be used as you suggest - if it were so all the collectors would have to do would be to keep out

them around afterwards sell to the dealers at their value & they would do so. – ie – the majority would.

If a customer comes to us & asks us not to compete for some special piece we would oblige him & have done so. One gentleman asked us not to go & we let him have a coin we would have paid $50 for for $75 St Gaudens in Davis © 65. but we think he did not appreciate it. He asked all the others as he did us & they too stood off, much to our astonishment

and to several of them.

We were surprised your favor of the 4th inst.

If we are not mistaken we have always granted any request you have made and would do you any favor in our power.

In Europe there are some times combinations of buyers on sales but I am happy to be able to state that this unfair way is unknown here and all the dealers "fight it out" at the sale – the longest purse getting the benefit of it. – it is really the only practicable way to do this we see and if you will look at it in a fair spirit you will admit it.

We have been told that a collector cannot buy, except through a dealer, at London sales & that they have been known to make up a purse to defray the losses should any dealer get too deep on a lot bidding against a collector. They told me that sometimes that they put a coin in together with some rubbish so the collector could not pick only the best & leave the trash.

Hoping this explanation will meet with your approval

We remain

Very respectfully

Dear Sir.

Your favor rec'd to-day.

To oblige you we will let the lot remain until the 30th provided you send us a check for all you can on the 20th

The 1797 is at our lowest - we paid 45 for it & interest on the money eats up the apparent profit. We redeemed it as it is - & what is more we sold its mate (1791) in same condition about 6 months ago & collected for 60. This piece cost 60 at auction four years ago.

We have one lot of about 2500 cents early Nats that we will sell for 3s. They are the finest we have seen 3 or 4 of the balance we redeemed. Also will have to be sent. The early dates are poor - fair and good - & like the better dates are good to fine. No pierced or drilled cents in the lot. Or any very poor, or fair in lot.

1/2 Cents can supply 100 poor & fair @ 4½ 1.33 00 y 50 ½

Mr. Mercedeinner Esq

Dear Sir;

In reply to yours of 6th we beg to say that we find you had omitted to give your credit on Philadelphia for the $1.45 for coins returned and for which you had previously paid us. This credit makes it agree with your Statement sent you Jan 1st 90 showing debit bal due of $14.85 but from which $1 credit is to be deducted leaving $13.85 the correct amount due us.

This $1. has been to your credit since remittance of Jan 16. 89 when you sent us $3.60 instead of $2.60.

Please advise us if you do not find the above correct and if you do kindly send check as we have "you beg" [illegible] shall we send you a parcel of coins to examine?

Dear Sir:

We heard to day that you have sold your collection to Mr H.P. Smith of N.Y. who intends to sell it at auction during June. Is this the case? If you have not concluded the sale will you not give us a chance to bid?

We would pay up to the last cent it would sell for to get it as we should consider the maintenance of our prestige of having held the largest sale in America as our recompense.

We are able and prepared to pay cash as we have ample means; and could go on to Boston at once.

We have told you over and over again that whenever you would be ready to talk business on selling your collection we should be prepared to buy and if you have already disposed of it, it will seem hard and very strange that you did not give us even a chance to bid as you always gave us to understand you would

We would call your attention to the chronological arrangement of the Colonial and State coins in the Woodward Sale, Also all coins Foreign Countries

2nd 11th

John C. Labaree. Esq.

Dear Sir,

Your letter of the 7th was duly received. We have a large assortment of the cotton you want and in fine condition but would rather send you cotton on approval than make out a detailed bill and it would also be more satisfactory to you.

The reference we desire would be that some one known to us in the Bank in your town would vouch for your responsibility to us?

Do you know any merchants that would know you?

Upon receipt of such reference we shall be happy to send cotton on approval. We carry the largest and finest stock in this country.

Very respectfully yours

L. C. & H. Stephenson

Lewis Van Antwerp, Esq

Dear Sir:

Have you yet come to a conclusion to sell your collection of coins? Now would be an excellent time to do so, for if delayed much longer it would make the sale come too late in the Summer. The preparation of the catalogue will consume considerable time, and we would require sufficient of it to make the kind of a catalogue we desire to do it. Such collections must be correctly catalogued and arranged to bring out all there is in it.

We can give it attention at once if you decide to sell and would do everything in our power for its success.

If you do not intend to sell, could you like to buy some very desirable pieces to add to it?

Hoping to be favored with an early reply, we remain

Very Respectfully

Mrs J. B. Disney

Madam:

It is now three years since our Mr Henry Chapman Jr. called on you at Cincinnati and had the pleasure of meeting your son. We are wondering if time has made any change in your desire to retain the collection of coins made by Mr Disney, we write to ask if you will sell them to us at Private Sale. We are prepared to pay a liberal price for them in cash and will be obliged to you if you will write us.

Very Respectfully

Edward N. Rogers, Esq.

Dear Sir.

We have a magnificent stock of coins from which we should be pleased to send you a selection on approval if you would wish to see them.

We have a full line of cents in extraordinarily fine or uncirculated condition; also many fine Roman gold coins at low prices.

We have all the U.S. mint issues in silver and copper especially only 1804 dollar, 1796 half, 1827 quarter and 1802 half dime

If you should desire Ancient coins we have a very large and fine stock of Greek and Roman coins in gold, silver and bronze

We would be obliged if you would favour us with an immediate reply as just at present we have much more stock in hand from which we would be glad to send a selection before dispersing it to other parties.

Respectfully yours

S. H. & H. Chapman

N.B. I remember with pleasure your kindly invitation to lunch and our brief chat.

Formerly S. Hudson Chapman

Esq

Dear Sir.

We have not heard from you for some time and hope nothing has happened to you in the interval.

What are you doing in Collecting coins or Medals now? Our stock of both is very fine at present and we shall be pleased to send you a selection on approval if you wish.

Is Mr Bates living? We sent him a "Pattern" coin to fill a set we were selling but have heard nothing from him though we sent him two letters asking if he had received it.

C. E. Bruder. Esq

Dear Sir:

There is a balance due us of $1 and will you kindly see if the priced catalogue (sent 12/12/87) of Shorthouse Sale Dec price 50¢ was chg on the bill of coins bought at the sale, if it is not there is 50¢ more due us.

Our stock is very fine now and we will be glad if you will send us a new list of your wants in U.S. so we may send you a few on approval.

We have proof rolls of #36. 1138. 1139. 1157. 1158. 1159 - can you use any of them?

W. S. Barton, Esq
Dear Sir,

Yours rec'd.
We enclose our Var medal catalogue and you will find the prices low. The medals in Davis sale were nearly all bought by dealers who will of course ask a profit on them. — however you will find our prices quite as low. All of our medals have the proper ribbon attached.
You could not have bought the medals for what they sold for even had you been there as the buyers may not have reached the limit of their bid.
We should be pleased to have your order and send as large a list as you desire — some being sold. and we will send you a lot on approval.
We have an order in from a dealer to send him a large consignment on sale, but will await your reply before doing so, and in case you please send us at your earliest convenience. Yours Resp'y

We send you herewith a few fine coins & hope many will please you — the Greek copper are all small and there are no large & scarce Greeks

Please make returns this week - Friday - if convenient. We mark our coins low and correct values & have but one price - the most satisfactory way we find to all concerned.

We shall be pleased to send you at any time selections on approval — and will be obliged if you will send us a list of wants —

Yours Respectfully

Dear Sir:

Much to our astonishment & chagrin we received notice from a Notary this day that our check to you for $62. had been refused at our bank Yesterday. Knowing that ample funds were in their hands (many hundreds of dollars) we were mystified as to the cause until going there we ascertained that it was refused because of a slight irregularity in the drawing. It appears that in my haste I drew it for (Sixty two ~~~~~) Sixty dollars and remembering the suit was for $62 wrote #62. in the "two" and the "62 was char[illegible] I supposed it would be all right but the bank drew the strict line & thought the check should be thrown out - they did it to day paid not only the $62. but $2.10 charges on it & kindly giving us an apology as well. The trust they explanation will clear the matter in your eyes.

Dear Sir.

Your letter rec'd. and in which you do not acknowledge receipt of drafts ₰ 18" which should have reached you on morning ₰ 19". did you get it? Had it arrived you would have understood the position of matters — however as it may have miscarried we write you fully —

1st We are perfectly good for that amount & 10,000 besides

2d The money & ten times the amount in bank when it was presented.

3rd The whole trouble arose in a very slight error of mine in drawing check as you will see when we get our possession draft on you again I drew it thus

Sixty two

62.

We would [illegible] without any notice to us required payment [illegible] that the amount

incorrectly and handed it back to our
3rd Nat for correction never dreaming they
would protest it or that any trouble would
ensue supposing they would present it all
& send it in again but they didn't & then the trouble
began - they protested it & 206 charges were added
more than the amt in dispute & next morning
we got Notary's letter & at once went to our bank to
learn the reason - the Cashier had never heard of
it at all & it would have been paid without paying
teller took all the responsibility on himself &
threw it out - then I went to 3rd Nat. & they said if the
Quaker City Bank would telephone them to send
it back & it would be paid they would do so - going
back to the Quaker City they at once did so - the 3rd
Nat. replying all right - will send it back thru
the Clearing House & you will get it in the morning
(yesterday) & so we left it as settled but on getting our
letter this morn. we again visited both banks & found
them in a muddle - the 3rd's fault as they forgot to take
it out of Clerks hands who had protested checks
& returned it to N. Y. bank - they at once telegraphed
& the N. Y. to send it back & not getting it this morning
telegraphed again; and assure us that it will be in to-
morrow & all right as we have it in their hands &
so as not to complicate matters further we do not
send you a N. Y draft as you suggest, but having
been to much trouble with this that it will look
better to have it pass through the various banks as it did
so one can be more mortified than we are over the
matter & it is unfortunate that [illegible] but we hope this
explanation & the letter of the Cashier of Quaker City will show
you fully that we are not to blame & have acted all

Your esteemed favor of 19th with check $3.85 received & we are very much obliged. account you owed me.
One 1856 Type is 5 Stars facing, one 1857.

send on approval as we wish it in stock,
or sold.
It was over 2 months before we got our money
paid out for proof sold at 5% profit & then had
to leave a letter on you to get it — So you can

John C. Labarre Esq
Dear Sir:

Yours of 20th with $31.40 and coins returned $71.60 balancing our invoice of $103.10 was duly received and for which we are obliged.

We are glad you consider our prices "very fair" – we always endeavour to do so.

The Philip and Alexander Tetradrachms are genuine and we so guarantee them as well as all coins we sell: and this holds good not merely for a limited time but as long as we shall be in business and also applies to all pieces sold in auction sales conducted by us. One party prints a guarantee which he states does not hold after the day of sale!!!

Tiberius 1B. with portrait is very rare and fine is worth $100. I will write from Tilsit for you, as also Lepcian copper of the Kings.

We have held many important sales in Philadelphia – particularly one last May 27th 1879 which would have interested you. Our last sale the Shorthouse collection Dec 6th total $3174 we held in NY. We will send you catalogues of our sales. When you desire another selection kindly inform us and we will send one. Respectfully yours, W. H. Strobridge

Your check for 31.40 was [illegible]

to John Read, Esq.

Dear Sir,

Your letter of the 24th was duly received

We must respectfully decline your offer for the Hoe half used quarto dollar for three reasons, firstly - we have but one piece, secondly the profit offered is too small as thirdly our piece is really the one proved at the sale - the quarto is equally rare rather more valuable than the half dollar and had we been sure to obtain the same price $35 - the two would have cost $70 but we suppose it was best done by the party who bid up to $35 as the half as he knew we would determinedly fight to get it on account of having the half and knew it would be of no use. We consider therefore we have placed the price most reasonably and susceptible of proof by the above argument. Since you were here we have asked two collectors who give attention to such pieces whether they had ever heard of them elsewhere and both replied they had not H. P. Smith also has neither on the mint collection. We should feel more justified in advancing the price than in reducing it and as we learn already that they are much more valuable we are much inclined to keep.

We did not purchase the $26 quarto eagle.

The marble portrait head of Julius Caesar we have not offered We hardly expect that its price $200. could be obtained in this country.

It is actually the property (private) of J. H. C. and he is not desirous of parting with it as it is of the greatest interest and daily study and enjoyment to him. He will not therefore put himself under the obligation of conducting to sale with it unless he already knew that a satisfactory price would be paid

Very respectfully yours

J. Ho. H. Telephone

P.S. Would you like to receive a selection of coins on approval?

H. J. Loomis, Esq,
Dear Sir

Your fav of 22d received.

Our personal knowledge of what coins constitute the finest collection is only gained by those specimens that passed through our hands either as purchased for him or sales direct. Such knowledge is not sufficient for us to form any idea of the value of the collection and we therefore regret our inability to comply with your request for a valuation.

We are willing to buy the entire lot for cash and pay a liberal price too, and if you will send them to us we will guarantee their safe return in case a purchase is not effected. Handling as we do, the finest coins you need not fear any damage resulting from injudicious handling or any other cause.

Awaiting your further communications, we remain

Very Respectfully

It occurs to us that you might be more satisfied if they were sold at public auction than at private sale and if such is your idea we beg to say that we can offer you the best facilities looking to this end. We would issue a beautiful catalogue give them ample descriptions, advertising and further do everything in our power to make the sale a success.

Messrs Mason & Co.

Dear Sirs:

Yours of the 5th with 100 Francs returned rec'd. Thanks. Have not time to make up a/c but will try to do so, in the mean time sending forward invoice of pkg sent this day amounting to 267.40 less 10%. Any lots we could reduce of those you asked for we have done so.

We regret exceedingly to have to say that the 1795 Cent of 20 has been damaged while in your hands from some one wiping it with a soft rag.— its color being taken off (on the obverse) and it greatly damaged in our eyes we return it in 10 days pkg as we do not like to have spoiled the piece & expect you to take it — on looking it. It must be distinctly understood between us that any coins sent on approval must not be rubbed or cleaned in any manner whatsoever — if they are in the future we will not take them back. The 1795 was a fine & beautiful even color & it is a shame any one touched it. The 8

Scott Stamp Coin Co.

Dear Sir:

Only a few days ago did we receive the medals returned of your invoice of June 23. and the delay since has been caused by our endeavoring to find out more about a discrepancy in the invoice claimed by the gentleman. The parcel was sent him just as received from you and he says he kept them together in it but upon taking out those he decided to keep and then checking off the list he found one ¢.75 was wanting, he assures us it can not be mistaken & that he believes it was not in the parcel Knowing his integrity and careful habits we did not check them off when received so will ask you if your clerks could have coded one or twice in mistake. Of course we will stand the loss if it is not cleared up, in the mean time enclosing our check for 6.63 to pay for.

W. H. Woodin Esq.

Dear Sir,

Your letter of the 22nd and 3d enclosing check for $13.50 and one returned $10. as also package containing all the pieces in our invoice of the 21st were duly received

We regret that you should consider our prices too high but we can not refrain from saying That for the condition & preservation of the specimens that we consider them reasonable and susceptible of proof by what any similar examples have sold for at auction. The 1794 dollar, 115 was formerly in the Bolton sale where it brought $60 and at a previous sale had sold for $75. We know of none the market to equal it - we have had finer examples within two years which we sold for $70 & $75. Of 1795 - 50. is equal to examples that have sold for $ at auction. The 1836 GOBRECHT in field is proof and the specimen from the Davis sale - a patron (Mr. Woodin) asked us what he thought it would bring and we told him $60 as we had not been offered for a long time and the previous pieces at auction were $60. The 1838 proof @ 70 is over two dollars over the Davis price 68 which was bought by Cutler and we are unaware of any offering as low as 70 as the lowest we heard of was $80. out side of us.

The 1851 c 2 are brilliant proofs and as long as we have them quoted - the 51 in Davis badly hairmarked and burnished cyanide of potassium and for the 48 whilst the 52 brilliant proof we bought at 47. and protected the price to it. 50 c 45 is what they have brought at sales for two years and the Davis 40. 47 was taken in by Smith who is running a consecutive No 4 The 0 1838 ½ c 60 is the Davis c 51. and it looks 50% better than it did at sale as we saw it was coated with dust and by simply washing it it came out almost proof showing not the slightest wear on the reliefs and only abraded in the field. The 1866 ½ & ¼ without motto are the only specimens known - the price is we might say what they brought at sale for if we had been sure of 350 the ½ which is rather more desirable than the half the two would have brought 70 and we ask 75. No 13 the 1838 ½ title quoted c 30 is cheap at what it has previously brought. Can you buy any of the above at less prices?

The following pieces are thick if you placed the other specimens that might be quoted beside these you would find one superior.

There to take up the reverse again at No 28 1793 ½ cent c 20. Light die shade - we have not seen one sell for less. No 29 1826 is an extraordinarily brilliant red proof - No 31 the 93, 94, 95, 1799 we know of none offered to surpass and we would consider it a favor if you would send us (and we pay charges both ways) whatever you have in mint with equal or less prices. We should consider it a valuable collection.

The 1801 red is the only one known. The 1803 c 10 a similar one recently sold for 12 50 can refer to the sales. The 1804 c 55. is cheap - yesterday we received check for 75. for one very slightly superior. The 1838 proof from Bushnell sale where it brought 17.

We should be obliged if you would look over this matter again and kindly specify the pieces you judge too high or which equal examples at less prices which please also state have been offered you. We fear you may have examined them too hastily & in the confusion [illegible] overlook exactly the state of preservation. Pardon us taking so much of your time but we do not wish to charge now be thought & charge too high prices. Yours [illegible]

Yours rec'd

We telegraphed you last night that we would accept $ net to us, for the 4 lots of coronas etc & trust it met with your approval. It was a heavy cut but we did not want you to have your trouble for nothing Times Sale.

No 4 was sold just as received 847 is not so good a color & it has been since sent out on approval (before your letter arrived) The first shipt was the correct one.

Sorry about the Dyes book — you know we had it & would send so we cannot see why you should order one else where & go 4 more! We can supply we believe, 6 copies at same price — two in stock are ordered. We do not wish to raise the $ to 4 dozen Colorados — we can for them — The 2 cases are with you. Will send you some cents that will fill your bill of "toys" which we like & many thanks for "Gonal." Keep sure that 847 will be back in 2 days too & will then send a few.

Yours truly

Dear Sir:

Yours of 3 rec'd.

The second 91 should have been 96.

No 5 is Bushnells rare specimen &
for which, I find upon looking up tonight, we paid $20.
at the sale of his collection in 1882, so we would
at $20 lose $ interest on the money. It is an original
of beautiful light olive color & perfect.

No 425 is in tin, no brass in stock.

The 2 medals you ask us to send would be probably
lost in the mail & as you will we suppose have some there
so by express in a day or two - we think it best to wait that
conveyance.

They will be carefully packed. If you write your
order early tomorrow we would get it same day.

Hope you will make a large selection - and any that do
not please you after you see them may be returned.

Do you sell Washington store cards - Rebellion tokens with head of Washington
etc etc?

Respectfully

E. G. Chandler Esq

Dear Mr. Nixon,

Your letter of the 13th was duly received and has been acknowledged by my Brother during my brief illness from a cold.

I appreciate your kindly wishes and your acceptance of our sympathy as it was sent in sincerity; for I was much shocked & blow of your sons death after having been so recently ill but apparently with only a heavy cold it is true, yet he & the so cheerily that I did not at all perceive the impression that he was seriously sick.

Geo. J. Bascom, Esq.
Dear Sir:

Yours of 5th recieved, and we take the liberty of sending you on approval such coins of those you desire but we think might meet with your approval, and we trust many of them will suit you.

Of English Siege pieces we have a crown of Ireland, struck by the Duke of Ormonde, it is in very poor or fair state of preservation & price $15. also have a Spence very poor $2; the former is out on approval else we should have sent it.

We have extremely fine crowns of Elizabeth & Edward VI, Cromwell & James II, Geo III.

Of the crown of 12 we were recently offered one in splendid preservation $75. but while it was a grand coin supposed it too great a price for Americans.

We did not send list prices as in this series one would have to judge of the cases, which vary so much in condition & price.

Very Respectfully

Dear Sir!

Yours of 4th rec'd.

We send you herewith the best lot of 100 pr cents we can for the two coins. Have sold all our cheap pr cents except 25 very good to fine @ 150 for lot & 31 poor or damaged @ 1¢ for lot. We would buy the fine cents at their market value but my recollection is that you asked far more than they would bring East. If you are willing to sell at a fair price send them on & we will pay expressage one way. We all ways trade on cash basis — ie — buy yours at cash value & you buy ours on same principal.

What did you do with the lot of Colonials, coins big etc found in Miss?

Dear Sir,

Your letter of the 13th of February was duly received but owing to the writer having been sick for two weeks and pressure of business we have not had time to reply until to-day.

We were surprised that you had gathered an impression from our letters that we were not desirous of handling your collection whenever you sold it. We have the copies of all the letters, three in number written during the autumn of 1878 and one a year ago, before us. Once in one we question the possibility of your collection being worth $7500 and ask have you made an estimate and how do you reach this amount but we do not see that it is at all sharp nor give any cause to imply, that we did not want to buy a catalogue your collection, for it, as all the others, closed with the strongest expressions of desire to secure your collection and which we have also spoken to you in person.

God's your advice in your letter we believe $7500 was not possible to be estimated by any prices ever realized for the coins

Yours of 5th received.

We send you herewith a list of 52 cents & the only 1802 dime in stock amounting to $52 net prices.

Please examine & make prompt returns as this class of stock is in demand & hard to get.

Very Respectfully

Dear Sir

Your letter of the 13th February came duly received but owing to the press having been sick for some days and pressure of business we have not had time to reply before.

We have ourselves that upon had settled our former account we letter that we were not desirous of having other collection whenever upon said it. We have the claim of all the little that is remarks against the balance of the Pestalozzi & Upton collection being nearly $1200 and ask whether you cannot collect. Upon the receipt of your reply we will see what we can do with it & what steps we have to take. We are very sorry to trouble you with the matter but we feel sure that you will see that we do not owe it & what we have to do with it. We are very sorry to trouble you with the matter but we feel sure that you will see that we do not owe it & what we have to do with it.

Yours truly

and we awaited the time when you would be willing & accept an estimable price with a reasonable round sum added for your labor in forming the collection and we express ourselves to this effect in the letter: now could we suppose you were seriously endeavoring or willing to come to a price when you placed such a figure upon the collection.

Why did you not mention that you were desirous of disposing of it to S. S. & C. while at your house November 29th on visiting his conversation with you at the Davis sale?

You had given us to understand that when you sold it you would place it in our hands and the last time we were both at your house in 1886 you said you "did not see how anyone else could do it justice"; and "that Frossard had offered to catalogue it for nothing, but that no one should have but we and that in the huge edition we were the only parties that had ever brought you out whole so you knew where you were".

Yours truly

Dear Sir Esq

Yours interesting & very kind letter of 5th with checks $150 received and for which we thank you.

Now as to those two pieces - the Washington Manuscript & Red Silver medal - you say are ask $75 for them - well we are not aware of it and thought $60 was our price - at any rate send us $60 for the two & one will be satisfied. We suppose Gen Lawrence rates the first condition of the Washington piece & we believe it is unsurpassed. Those you mention are fine - if they are the persons selling we think certainly $60 is cheap for the two. But we will ask for $5 & the silver one is worth $ surely.

We hope you will persuade them to take

L. B. Smith Esq
Dear Sir.

Yours of 7th with check for $22.75 received and for which we are obliged. This balances a/c to date. We notice what you say in regard to our prices on the following 2 prices brought at Davis Sale - we reply separately as follows No 173 Our price $7.50 Davis Sale 2.10 The same price as we bought Davis 2 could have same from you for it

196 Our price $4 (not 7.50) Davis Sale 1.30 The same piece so scrubbed - all brown gone & lightly scratched. Ours @ 7.50 is a fine different thing - Bushnells was bought by Baker @ 8.50 equal condition, so were is our price to light

70 Our price 6. Davis Sale 2.25 Same piece and we would not have let it go for less than 8. We paid 5 for Bushnells & sold it long since

So you see no one would have secured the above at Davis sale for double the price we paid, as we were not to the end of our limit by far. This reminds me of a funny event that occurred about 2 years ago - At a sale by auction there was a fine & very rare old Washington pitcher which a gentleman - a collector started at 5 I bid a quarter him to 5.25 when he let me have it and after sale he said he was near getting it - you replied Nothing [illegible] him my mark in my book to go $10) you were only near getting it because you

auction Sales are funny things - we go there fully an
of, & might see [illegible] every lot and when others are all posted equally
well we get bargains but had competitors arisen we should have
to pay more or the other person would. - Then again we often have
things for sale at less than they have sold for at auction but we
have yet to see the instance of a collector paying us more
than we ask because he thinks we are selling too cheap.
did have one call our attention to the great bargain he got from
three weeks ago & when I laughingly said, 50 per will pay us its value
he shrugged his shoulders and was silent. But I must close
this rambling & get down to business, 10453 we have not in stock.
nor 458, 484, 368 The silver one in Davis Sale we overlooked - it was worth more than 2
for the metal, but as a dollar for it suppose he is aware of that fact.
We enclose our approval.

W. A. Fletcher Esq
Dear Sir

Your letter of 21st rec'd
We send you herewith a
desirable lot of coins discounting to 15%
net prices and we hope you will take
a good number of them.
We send 1794 dollar O/G — a cheap piece
& a very different one to get at price le
than 60. to 100. It would bring the price at
auction & in prices you can make a V on at
sight. The 1000 coppers are good readers more many
than we ask you — but we have not the time to
work over them. Only put the poorest
& most tattered & keep enough of the
better ones

Yours truly
W. W. Dickeson

John L. Mills, Esq
Dear Sir

Your letter received. You will find in our catalogue of our sale in May 1885 the last and first accurate description and condition of the several grades of 484 dollars.

There are but six nigmids known. The No. 6. the Davis specimen we had not seen for years at our sale in the catalogue and did not give our opinion of it but we now are certain that it is a nigmid and belongs in "Class B."

We send to you today the rare Edward VI crown we have and it is an extremely fine specimen - the best the finest specimen of our fine silver proof coinage. The value of this coin always depends on the fineness of the portrait of the head of the king and the sharpness of the lines in and around the head & as fine as could be shown by the fine lines, and the fineness is also fine.

We have not an George I crown at present.

The fineness is as fine as we have ever seen. We remain respectfully
for A. Mason Torrance yours

Dear Sir:

Yours of 7th rec'd to day.

Now you see how much better it is for you to put your price, as at £3.3. we could use the lot you sent & if you are afraid we will keep them at that price as you say you would have taken that figure had it been offered – the result of the 3/6 enables us to meet your views that the trade close at this if you will. Our last letter was written in haste which was the cause of its rather abrupt manner – still let it pass – we are all liable to get "rattled" occasionally. Our bid book marks the Davis Cromwell as selling @ £1 you say £2 on the slip of paper in your last & £3 on first letter. £3 we believe to be correct. Send on all your duplicates with your price on each piece will buy any we can & send you the Cromwell crown the – to be bought now as not able to trade such prices to the effect mail. It is a splendid one & today cost us the £3. we offer it at

Hoping we will be able to do more business together we remain

Dear Sir:

Yours of 7th rec'd.

We do not buy to get big prices but the real value. As we wrote in our last the Washington Monument & Lafayette sold in Bushnell sale @ $50 & $60 one we offer @ 75.00 but if it is a cheap one you want we have Condition Perfect & Beautiful why we have it in the Davis Specimen which we can sell for it. You will not find a more perfect and beautiful one than the one we send you & the price is certainly proven by the Bushnell Sale & we do not think it too high. The Liz 32 we have not had can get you one Liz 32 by Lovett but it is $150 this 30 & this is what they cost us but the price appears low to be all they are worth. So no profit. No 453 is sold & in store, but can obtain one & will & when we do will send you - maybe in a week or so.

We hope you will keep among & the number & order some of the very rare ones yours.

Very Respectfully

Yours of 10th received.

Glad to see your handwriting again after the lapse of years. Supposed you had ceased to be interested & so had not sent you the Catalogues we have issued.

We could not send a few by express amounting to 12 p. and hope you will find all very cheap & send your bid, but if they are not as low as you desire we can do better and for three more expensive pieces might do a little more. Would be pleased to furnish you with Catalogue & Price List as soon as issued.

C. E. Breden Esq

Dear Sir:

Yours of the 8th inst. rec'd.

The coin in question is not rare — we had a brilliant uncirculated one recently & sold it for $2.50 In fact it may be among those now out on approval. We have the 2/3 & 3/3 crown same issue & can sell the pair for $1.25 We can supply you with the stamps issued by various countries & if by new stamps you allude to B.N.A., we believe we can get the full set for you now.

Would you like a small parcel of foreign coins sent on appr.? Have 180 ± 24 diff. 75 ± 47½ diff. 10, 175½ diff. letters, 25 & 50 & other varities.

Very Respectfully

E. & H. T. Chapman

I wish we could get around prices offered & we as dealers to be made to persons who know nothing about the subject

14

J. H. Vassar. Esq

Dear Sir

Yours of 11 received to day.

Will raise our offer to $22.50 if acceptd now — as we have a customer @ $25. it full value.

What will you take for the 1797½ dollar and in what state of preservation is it in? We would buy the dollars & ½ Eagles you name but as they are common would not command much premium.

We do not publish any price list.

Mr Parmelee has disposed of his entire collection & would not be a buyer for your piece — he had one — now is your chance with us on it and get its full market value, as we can make a quick turn & make a small profit which is better than none.

If you could send the 1797½ dollar with your price & the old dollars — and Eagles we will make

& pay you by return.

Very Respectfully

J. W. Scott & Co

Adolph Hegl. Esq
Dear Sir:

Your letter of Nov 19 enclosing one from Jos Hamburger received. We note his results but in justice to ourselves wish to say that if he wished to deal with us only in cash" he was not asked to do otherwise, for I paid him nearly 1000 marks cash at once in full for all I purchased. If any postal from Berlin or Hamburg to him did not mention any desire to obtain the fake gold coin it is due to an oversight or haste, as it was my intention to have done so, why I called at your house Sunday afternoon to hand them to you but you were away. As to the coin on which we spoke to him 1874 ½ dime - we bought it @ 12 marks in 1885 he to put it on bill & send after us but when bill & coin arrives it was not there & he sent it to a New York party at a much higher price we were informed. There is two sides to every story & that Hamburger will not gain by selling us he has. He made claim to the 1874 ½ dime at the time as well as in 1889.

Have you send us a copy of your 87th Auction Sale catalogue? In it are two of the coins I bought of you as described. Have any one else coins such? Have you any Canadian numismatic [illegible]

Wm J. Webster. Esq
Dear Sir

We must apologize to you for delay in answering your letter of July 3.d
The encased stamps which your friend has is really an interesting object as they were issued by private individuals, business firms etc to be used in the dual purpose of change or money and to advertise various medicines & wares. During the War of the Rebellion small money was very scarce as such so that thousands of business firms issued little metal store cards similar to the Government cents — bearing patriotic sentences & devices and this metal encased stamps were passed from hand to hand as money. I have seen them of the denominations of 1, 2, 3, 5, 10, 12½, 24 cents and the thing he might like to add to his collection we enclose two we recently purchased in a collection — they are worthless & valuable. The stamps encased are still good to use postally being of the issue of 1861. One of those we enclose is of Ayer's Sarsaparilla a medical patented American Yankee knack — the other bears

what mystified the people for a long time Dig S.T. 1860 X – it was on every fence post, fence & everywhere and no one knew what it meant until when the Patent Medicine quack was ready to open up his wares & thought the public were kept out of the secret long enough – he told that it meant (Starting) Trade) in 1860 with an X or $10 dollar bill or note. It had the desired effect of drawing attention to him & he made money out of it. The pair for 5¢ (cash).

The Winter here as been very warm – no snow & a good deal of sickness in consequence. Mother is still Critically ill & it is a day to day fight to try & make her comfortable.

Any thing new in American Coin or medals in England.

We have a penny of Philip & Mary (Rose) in fine condition, what do you think you could get for it in a Sale? Are you going to have any Sale soon?

With best regards, we remain

Yours Respectfully

Dear Sir.

Your of 13th received.
We are always prepared to buy large or small collections and if you will send us yours with your price we may be able to meet you. The duplicates send also.
We would not go to Boston unless our expenses were paid but think it would be quite unnecessary in this instance.
We always like prompt returns for parcels sent on approval, allowing whatever time the party wants - which is generally 10 or 20 days, never more than 30 but we dislike so long a time, 10 to 15 days being more within reasonable limits.
As to Hilborn's debt to us it was a clear affair as far as we are concerned - he had a lot of [illegible] sent out on approval & kept them 4 or 5 months when he said, a party had not paid for [illegible] and then he would [illegible]

754

some time in advance of date of this letter — not hearing
from or for some time after we sent to but for our
reply & some 6 or 9 months after we had held a sale in
which were a lot of miscellaneous coins of his &
for which we paid in full at 30 days after sale as usual
sending statement & lots in catalogue that were his
& he claimed there were a lot of silver coins
not paid for but could give us no intelligible
description and said so many coins were sent us
— we looked into the matter fully accounts for & found
11 coins more than he claimed he had sent us & found
that his lot of "silver" coins were a lot of base silver
that were properly catalogued sold & paid for with
the rest. He answered all his letters explained
everything that it was possible to understand by his bill &
which he himself said he did not (It was made out by
an assistant unfamiliar with Numismatics) & have offered
him every opportunity to clear the matter up to his satisfaction
but yet he does not do so & retains the $11.00 due us
as a form business method of getting payment (what
he thinks is due he never told us). He knows we are
not the men to defraud him of a cent or take any
advantage of him and why he deals in this
contemptible way is more than we can understand.
The last statements are not payments & he has nothing
whatever to retain what is due us — if he has any
other claim or bill due him by us, he has his redress
and will get his money the moment he shows us what
it is. Please write him Robert if you present this matter
to him he will consider it in a proper light & return both us and him
Yours truly.

The parcel of coins returned is all right and as there was no letter from you presume you desired us to send a Bill for those retained, which we do herewith showing total to be $3.25 which account we trust is satisfactory & agrees with your memoranda

Just bought for $3.25 a 1887 proof set – if you want it for $3.00 & postage 16 cents we will send. When you are sending check add it & omit as it will save trouble of a smaller remittance. It is a perfect set. Answer if we are to send as a gentleman here wants it but your order was first.

Messrs Mason & Co.

Dear Sirs,

The first hurriedly sent off a package of fine coins amounting to $52.05/100 and from which we will allow 10% discount. Just find now when it is too late a package gone that we again left out the Dyes book — hang it — will send in next lot, for I have laid it out & book case and will see it every day. Can send you 2 copies — do you want them? The 1778 dollar is in parcel to day — it is not ours nor has it ever come from us — ours will return all right.

You want some fine pieces we send you to day some of the best stock we have — the 93, 96, 1804 are gems & we hope you will be able to sell them as they are cheap. The old Crowns etc cannot be matched for cheapness & quality. Please see to it that the cents are carefully handled and also be so kind as to lay aside our tickets if you do not want them & send to us when coins are returning. Yours with check for $2 rec'd thanks. Believe me Yours truly

Dear Sir

Yours of 17 inst.

The 100 pieces in question are the Davis pieces and no one would have got them at the sale for double the price we paid. They are called "Scraps" and are known their value - why the 10 & 24 is far scarcer than the Centennial Type and under the latter brings $ to $5. The Centennial is in abundance at 50¢. However we feel indebted to you for trouble in connection with Mr Van Eyck and will pay the price to

Some years ago we offered Mr Davis 300. each for it, but pitting it so he sold for less than we expected to have decided to for the Journalmen some of the benefit. Messrs Spink & Son,

Dear Sirs,

Enclosed we send you draft on Brown, Shipley & Co for £46.0.8 in settlement of medals returned from invoice of Sept 24-89 together with full statements and have also forwarded by express this day all medals on that invoice not purchased - charges prepaid.

Sold several of the medals only last week. We did well with the decorations for you we think but found the collectors very fully supplied with the medals.

Your statements on 4½ ghs position @ 4/6 is at variance with bill presented & H.C. Jr in London and should be 4 pcs. Hal-lf and we have corrected it.

We have a credit of £2 on proofs as believe. We find that on 3 does Crimea has been accidentally delivered instead of one of our own to a collector and as ours is much finer we tender it instead as we must have returned yours for there is no profit at the price 15th.

We included in by same cross and medals which should do better in your market than here and we ask

you & make us offer of the most you will give in
each piece.

We believe this balances all between us except
the 23 of Charles I. which a Jew has bought but
not yet paid for and if he does not pay very
shortly we will resell without further waiting.

Miss Maria Mc.
Dear Sir,

We do not think favorably of the Typewriter proposition
Returns your letter.

Yours very truly
Yours Very Truly

Do not send this piece but your price.
Send also any Americans you have received since I saw you.
Will make more prompt returns on this invoice than last one just probably in 20 to 30 days.
If you send any Decorations bill them as War medals giving a close description of each on invoice which if over £10 in value have Certified invoice made before U.S. Consul & ship to care Richardson Spence & Co. Liverpool agts of Phila Line of Steamers to be sent on first steamer coming direct to Philadelphia — marked.

J. H. & H. Chapman
134 S. Front St
Philadelphia.

Care
Richardson Spence & Co
Liverpool.
Per 1st Str to Philadelphia direct.

While this may necessitate a slight delay in England should you not make close connection with it. It will hasten matters as in Phila we can clear them ourselves & far more quickly than in New York.
We do not know if there will be any duty on the Decorations (do not say anything to Consul about it) but if they can be got through as War medals, they will be free.
It just occurs to us back if there will be any trouble at your end of the line with the War medals returned — we have an idea the Govt prohibits their sale in England — let us know how it is.
If you have no Decorations on other large things to send — why leave out the English Colonial & Indian papers and Guernsey & double & send by registered mail — the freight & charges on pkgs by Steamer would be 5 or more. but stay by Steamer &c. not take any pkgs unless by mail it is to come, then will write you more fully about the shipment of pkgs after seeing off to-morrow.

Yours truly

P.S. By mail please send the different denominations stamps & tickets — not made up into 5 £ or 6-12 etc as I want for my use.

Mulford Jenkins Esq,

Dear Sir:

Your letter rec'd. with £35 this leaves 76 due us to balance that invoice — please send some can close it.

Of the coins wanted we send herewith all we have of them. W. Dowly owes us still & his promises are not fulfilled, why he seems to have bought on credit from a large number of persons. He says he will pay us but if we all have patience, ours has been of 3 months duration and never cost a cent yet, though we sent £3 in Canadian silver in the package at once.

Send us £2.75 each for the 87 1837 tokens & we will call it a sale though for such a good lot it seems very low.

We are short of cheap 1795's suppose by "cheap" you mean very poor ones — Lowest we have is £18.50 very good, perfect det. 1796 Cents. Fillet in stock, except a very few are £7. to £10 for poor [illegible] we price. When we wrote you to send coins for sale we then expected [illegible] but delays have occurred & we will not have it for 6 weeks as [illegible] coming back you can put in anything else you may want to. Yours truly

Milford Jenkins Esq

Dear Sir:

Forward the enclosed 1870 which belongs to coins sent you a few days ago.

Have you received — why did not say more clearly that your wanted coins sent to you at Albany? We sent them to Rensselaerville yesterday by registered post & you should have received them 2 days — hope you like them when they were satisfactory

Dear Mr. Hartley,

I received your letter of the 3rd inst. and
am very glad that you were able to find
room for the Bird's Nest Fern. I hope
it will do well with you. I have
been very busy lately and have not
had much time for anything else.

John G. Mills. Esq

Dear Sir:

Yours of 19th with Cash. 190.55 Bills 877.60 } = £1068.15 received and for which we are very much obliged to you as also for selling so much to Mr Jew-Eyck.

Has Mr T. a N. J Brasher doubloon in his collection?

As an addenda you had charged yourself with 104 when it was probably the lot Mr T. had on his list at 1067 $1 — his being the price of 104 & 1067. He then — for Credit your 191.55 as 190.55 & returns you herewith 1.

We should like to have accommodated you & Mr T, but really these two pieces (Continental dollar and Edward III) are well worth our price. They are both very rare coins and the Continental dollar ads for 26. at Bierhull ale as ours cannot be very far astray, and considering its rarity it appears to us to be a bargain at the figure. As to the binding of the books we will look up our former letter tomorrow & reply — not time to-night before the mail. We sent you a very fine lot of coins by Adams & this day & you should receive them tomorrow night or Saturday morning.

Very Respectfully W. H. & H. Chapman

Dear Sir:

Yours of 25 received.

We do not publish any list of stock – it is too extensive & too constantly changing. We have fine Indian relics, axes pipes arrows – etc. South Sea relics paddles. One of the Esquimaux canoes brought home by Dr E.K. Kane price $30. Egyptian Canadian paper money etc. If you will tell us what you will pay for 100 Continental Colonial bills we will see if we can accommodate you – no bills offer now as they are dear @ 3 to 5 cts. The Confed. you name we would not wish to buy. Let us know what you want to buy

Dear Sir

I have rec'd your favor with 1821 1804 cents to hand.

The 1821 is very fine, but is slightly worn and is not uncirculated. The 1804 has been in a pocket at some time & the edge is rather worn in consequence, especially the right obverse & reverse. The best we can allow is $25 for the pair. As to being worth 25 each we beg to differ with you - we feel they would not bring any such sum but such as you could not fetch what we offer.

Dear Sir

Your letter of the 18th and 20th the latter enclosing $13.30 and also package of coins returned, were duly received.

Pressure of business prevented me from replying to the letter of the 18th by return mail so as to answer your request to exchange the drachm for the Ephesus coin before the package was returned: we are always willing to accommodate our patrons in such matters and send again the drachm enclosed viz $2.50.

As to the coin of Darius we do not remember exactly where we obtained it but think it was one bought by us whilst in Europe in 85. Numismatists do not keep track of the previous ownership of coins, finding of coins only in the case of a few rarities or prizes form a notable find. We remember some one thing for the previous ownership of a prize and only finds then contribute which it leaves itself. Now in this coin we have a curiosity in the clipping of the ring in the notion of shortening an arrow - his portrait - specimen of these

the [illegible] with which he is represented - Mem. To [illegible] monument
of Stalimene with a [illegible] on the reverse; and lastly in the case
of eight showing the [illegible] weights of the coinage.

[illegible]. Our Mother's mental illness for the last [illegible] days has been again
acute and required all the visitor's attention and this letter has therefore
been interrupted.

All the cities in your list and mentioned in the New Testament
were under the Roman yoke and at the time of the Apostles were only
permitted to strike copper coins but previously to that free cities struck
silver money. Of these we have Athens Drachm and Corinth Didrachm
and send them on approval as below.

We have for the Ephesus but do not find it in the envelope
of your letter in which we placed it on the return of the coins. We
search [illegible] basket, rubbish-barrel in cellar and around the office
but it has disappeared

Enclosed we send on approval

Athens. B.C. 500	Drachm. Fine	1.60
Corinth B.C. 300-250.	Didrachm. Fine	2
	Postage say	.12
		$3.62

Should the Ephesus drachm turn up we will return
you and reserve it for a second if you desire.

Regret to [illegible] disappearance of coin you
decided to [illegible]

Sincerely yours

L. Y. & H. Hetherington

John L. Miles Esq.

Dear Sir:

Your letter of 28 received.
We sent you by registered mail today
the Conk roll of 1863 for Castorland. There prin
is no object to us in the premises & we
do not reduce it for that reason but to
meet your request & please you.
Your reason for asking about the Dysbloom
was to ascertain if possible how the Davis
decision had done to those in Pendleton
dale way & over we think - more spread -
I it now in Mr J. H. Garrels collection.
Everything is very fine indeed.
As to the expressage we shall pay
them - coming back & sometimes going too -
the last two we think. The rule has always been for
us to pay the return charges - why years ago it was
the custom for the collector to pay both ways but
we thought the dealer should pay this medium

We note what you say about our prices and also see that you make a slight mistake in your quotations - viz: you say the 1772 Washington ½ has never sold for over $40 at sales - allow us to show you that you are in error - take firstly Davis sale where we paid $46. for one & which by piece is not comparable to the one we sold you at $60. Secondly Bushnells sale for $50 bought by W.S Baker & now in his sale. which is to go from to the Historical Soc of Pa will never come on the market again It is a splendid piece (not as good as yours though) but is most unfortunately severely bruised and cut in several places. Thirdly. Crosby Sale $72.! and we could soon dig further were it necessary. We have bought all that have been sold for 15 years under $50, and have paid over $40 for each one. Of course you understand the above quotations are for uncirculated or extremely fine pieces which are the class under consideration. We do not blame collectors for finding fault with the prices sometimes knowing they are not generally so conversant with their value as the active dealer (or would they be expected to be,) tho our values are to a great extent unmaterial to either a necessity. We always try to give fair value and must in justice to ourselves say that we have yet to see the dealer who gives as much for the money. If others are so much lower why is it that they nearly all buy more or less from us? and to further emphasize this point we would say that when we refund back

one of the so thought to be "cheap men" go through our stock last Fall & select from my European purchases, she got mad and has been in the blues ever since. If we were high would he have bought from us as he has for years? but we told him frankly we preferred to sell to our Collectors direct. In the first number 57 Crowns we have sent you we have no doubt you can from them to him he sent me here Some here as low or lower than ours — we can do so. To mark correct value but having no control over other dealers cannot always be exactly the same. Did you not find some were we were the lowest

We appreciate your kindness in writing to us and hope we believe as heretofore & we are not tired of reading your letter and thank you for it, as we like to know our customers views and to thoroughly understand their wishes — also to endeavor to correct wrong impressions and sometimes misunderstandings which are easily explained & matched as you go.

Send the following in our letter of 10/22/89
relative to the binding of books.

Heiss's Work of Heiss is bound in four vols – three of
text and one of plates. We would advise printing
on the back of the name of the Principality contained
in each vol. and to bind the three volumes – placing
the plates relating to that Section in the volume of text – thus

1st Vol	2nd Vol.	3rd Vol
MONEDA HISPANO CRISTIANAS	MONEDA HISPANO CRISTIANAS	MONEDA HISPANO CRISTIANAS
LEON Y CASTILLA	ARAGON	NAVARRE MILAN TAISES-BAJOS.

TOME I	TOME II	TOME III

Would Gen. Jas. Lyon like to have Heiss's Plate No 1.
Dated 1633. Shows gold coin and is only in my pin & would also
Would make price as low as possible
& cannot on this writing say positively
it would be. He has gold coin!

The advantage of this plan will be apparent when you are
hunting up a coin – for finding it on a plate you know its description will be in that vol. whereas in one I often find a coin on the plate & do not locate its place in the Text unless several times it appears. The above is only a hasty list of names to place on the backs but I will examine them closely for you may find others equally desirable. Having a coin in hand you could easily determine to what series it belonged & refer at once to the vol. describing that Section whereas if all the plates are combined in one vol second reference has to be made to the text and in what vol is it to be found?

We have some expert books on French, Scotch & Ancient Coins that we would like to sell you have & will if you wish send them on approval. They are the best of their kind and such works as will not be superseded in years.

Respectfully
yours
Lyon & Hoffman

Dear Sir:

Your esteemed favor of 27 with check $103.40 received and for which we are much obliged. Will try & get goods off Monday – a box having to be made also. I spent two mornings trying to see the lady from whom Kirchi obtained the Washington relics – called & saw her & found a real antique full of genealogy – could not get away had to take 2 hours pick – not to the purpose of the visit – The history is this – a Mr. an upholsterer – name of Freeman was doing some work at Washingtons residence & was given the looking glass & desk as of no value & to get rid of them. He prized them much left them to his daughter Mary ann Freeman who married a Mr Vernon, a Nephew of Vernon of Mt Vernon fame, hence to his grandson Augustine Boyer from him to the present holder Mrs A. P. Amies of Phila.
She says she was once offered $5 for the looking glass and will not sell for less. I was a stitch of Mr Freeman

same hereafter. It is not in fine condition a piece of the outer moulding about 6 in long being missing as is also a gla ass which formerly stood on the top of the centre - the glass has some scratches on the back - a little gilding on the outer moulding is almost gone. Size about 2 ft 6 by 3 ft 6 high.

She is willing to go before a Notary & affirm to the truth of her statements and now we leave it for you to command us.

She also has a small tea caddy said to be from the ship's mizzen mast in Libby.

Yes we have the Meade Rec and a splendid picture it is too - If you want it for 20 send us your 3 months note & we will ship it on order & send note after you get it. It will be a splendid object in your Libby prison.

The Libby Prison play bill sold for some $23 to $27. we cannot get it but know a agent who has a duplicate & will buy & get it for you. - and for less if possible.

A notice issued for person of Haverford College here to day & was greatly taken with the book we bought for you - Schwenckfelder - & offered a big advance on it, cost but it is yours @ $2.25. He said it is a fine & worth much being interesting rare. Glad of it. Thought it cheap at the time & did our best to get it cheap.

Will list your war materials & you can own.

Very Respectfully
A. J. Chapman

Let us know if you will take the splendidly bound Latin & Melancholy Book @ $30. We want to let our English owner go now - time is rolling on that we will suppose we keep it. Col Colyer & Colonel Ne 19th OVC will go & if you have any business in town to be done - shape his trip accordingly

Dear Sir

Your letter received
With every wish to please you we have
decided to make the following proposition
and that is to split the difference with you
on the Washington ½ dollar and make it 50
cents. And further offer you the 1792 Washington
cent for which we ask you $7.50. The offer of
$225. for the ½ dollar we would not accept and the
above is only good for this week. You will
not regret taking them as they are both great
Curiosities and cannot be dispensed. The
prices too are low and less than they
are worth and so. But that we have offered them
for. The ½ dollar has not arrived yet and if you
take them we will Send the Cent by express or mail
As to Counterfeits sale we know the pieces well to
mean the best counterfeit ever put out and would
be very ready to purchase any thing that you have to sell

822

It was Lot at the Davis Sale where you were run up on them Early dollars and Collins on this 1800 [illegible] and there are special Reasons why it will be worth worse at Parmelee Sale for we understand money has been advanced on it and both Smith & Parmelee are deeply interested in the result which must be big money at all hazards. Some valuable will be disappointed we fear from what we hear.

The Washington Cr. cent is unique as far as condition is concerned and Parmelee is only fine. We offered Mr Davis $50 for it and were refused and had he accepted we could have obtained $60 or $70 for it from Mr Harrison Garrett who was owned in 1888.

Your esteemed favor of 28th which I received this morning and for which we are very much obliged.

If you will count the trees carefully you will see there are nine – no variety of any thousand 7 or 9. We cannot make any reduction in the price.

Please let us know what denominations of Vermont notes you have or lack so if we see any offered we may be able to secure them. Also are you interested in coins other than those of the State of Vermont and again are you collecting Colonial notes of other States than Vermont or those issued by the Continental Congress? Our reasons for asking are that we may send you selections in these lines if you so desire.

Very Respectfully

Dear Sir:

Please make returns of invoice

of 2/4/80.

We are informed you are cutting your commission & selling the coins for less than we ask. If this is so we do not like it as the Commission is given you as a dealer and is denied collectors by us, and with our own agents Offices we must say we object and it must be understood between us that the coins are to be sold at or over our prices. Collectors should not ask you to make such a deal with them as you certainly earn and are entitled to your profit, but we have found in some cases where they find the prices are not they buy of the dealer for the same.

What did Mr Ashburn say to our last letter?

Yours respectfully
C. G. Thompson

Have you sold any of the medals yet?

Dear Sir.

Yours of 29' received.

We will get you up a very fine die with inscription given in your diagram, pierce it and attach ring and ribbon by 22/16th. Strike you 30000 Whit metal medals for $1.500. Also contract to supply 200 in pure silver from same dies for $1 each. (weight 1/2 oz in each) also 5 gold (same) weighing nearly 1 oz each for $24 each. As to the time of delivery: If order is received here on Saturday or Monday we could strike 20000 Whit metal and the gold and Silver & have them in St Louis or Hays, sending the additional 10000 by the 25th. The time is too short and it will be a rush to get them up as above but if you order we will endeavor to fulfil it, in fact we can do so.

There is no need to go outside of Phila. on this job for we will attend to it personally & you can rely on a neat & A1 result. The spacing Inscription you leave to our discretion also will leave space between the words for the hole.

838

Rose as to payment. 1st Our parties will not proceed without an assurance of full and prompt pay and want 500. down. if full order is sent a
if you do not want gold and silver now a deposit of 250. will do until first shipment of finished medals when you can pay as receive. You see there is a large outlay at once for blanks & hence the need Sunday. We will be responsible for your deposit & fulfilment of contract.
The size 20 would not be as good as 22 & the difference cost in cost of medals would be very slight — our die cutter says he prefers 22 as there is so much lettering. The difference in a plain reverse would make only 10. difference Each medal will be in a separate envelope.
We hope you will give us the job and you will find it a low price that we have named.
Reply at once as every day is important.
Will you send us your English Coins?

Yours truly
Robert Clay

received and for which we are much obliged.
We note you deduct 2½% off of those Sales and this leaves 28 due us the balance up that invoice. The allowance of 2½% extra was if you took the entire lot.
Your explanation about the discount is satisfactory to us, but changing our prices necessitates our marking new ones for the coins themselves — no small task and if you can avoid it in the future we would be glad.
We sent you some days since a lot of Lincoln Cents together with a few Roman Chaps they will sell well; thanks supposer 30 days would enable you to show them to your buyers and if so please make returns on 25th inst.
Yes you might send us a parcel of your finest U.S. old rare and we may be able to handle them. Mark your own prices & state whether they are for cash or to buy at buyers selections your service now with you. Yours truly

W. N. Huntzinger, Esq

Dear Sir:

Yours favor of 2nd received. We shall be pleased to see you but think it really unnecessary for you to come with the coins as it puts you to expense and they can be sent by Express with every assurance of safety. We would examine at once on arrival and report, so no time would be lost.

A very easy way (and safe too) to pack a collection is to lay the coins in rows, say 10 pieces wide and roll over and over. By this means a sheet of the paper comes between each layer & if rolled tight the coins will not wear; they are flat of course.

We have the finest stock in the U.S. and are constantly adding to it, and so would buy your Eastern collection for cash.

Our house is next door to Brown's Bank Store. The omnibuses run to the door of it.

Very Respectfully

Dear Sir:

Yours 7th 29" of March rec'd to day. You made a miss not to take the 1838 P. & R. d. & 1/2. Did you see the pieces? Some fellows we find offer what they have not got & others quote in a superior condition & in reality they are far from it. None have been offered that could be sold for any price that we are aware of. Guess it is a case of similar to one we had this week - ie - a party paid us $28 for 1852 1/2 dollar & my fine sold it to his man for $50 & the fellows & he had bet & placed in hands of third party, that it could not be supplied for $50. It was a long way around but the man made his money & thinks it a huge joke - they certainly. Will look out for the Proof pat piece for you - it is scarce. Please send us a check Promptly for the $32 Jon Donlay paid us in June last week;

Yours Truly
S. H. & H. Chapman

Dear Sir

Yours of 2nd with coins returned $10.46 balancing a/c received. Thanks.

You are in error about the number of trees on the cents returned – it is 9 not 8. nor 7. There are 7 to left of Sun & 2 to right of it – one tree on left (farthest from Sun) stands high up on hill & the 9th tree which you failed to see is to the left of it & shows only the foliage. We will guarantee to you that ours is the 9 tree (there is no 8 tree) and would recommend you the one at $7. being as it is a very superior specimen.

Very Respectfully

H. H. Collins

We sent you by express
this morning a small box of coins amounting
to $3.16.
The Washington ½ dollar, is one of the greatest gems known
in American coins & certainly is the "King" of Washington
pieces - none known to all of us - & in fact
"fine" is the nearest. We have placed the price at $30.
under what we would have bid for it at the sale
(and also under what we offered Mr Davis for it privately) merely
to make a quick turn of the money. You need have
no fears as to ever seeing a better one or wanting
to change it and if you take it you secure a
great coin. The little specs before you see it in the box
or flannel before it was struck. It was struck on a planchet
made by rolling out a Spanish dollar. Should you ever
have one in good or fine condition & wish to take that & send it to us we
will carry & allow you a good price for your piece. I send the Eagle piece
as I see it is a splendid coin - worth many too - hope you will take it.
Respectfully yours
Expenses paid this morning.

Our stamps is a 5% not 2d and further-more any offer @ £1 300.= does not hold open indefinately - is in force this month last not after.

My best for your cent is £12 and this offer does not hold open after this month either.

As to the Condition Your stamp it is perfection - a splendid example in every way. Herat in N.Y said they believed it to be the finest extant. You should of course be satisfied as to its condition before parting your money

May we ask you a favour? that is was the Side Vieco 1838 penny you speak of as being sold in Hart sale 57 offered it was it offered for sale by Mr Hart or did some one else buy it at the sale? We do not ask this to pain any point as to its purchase. We paid 6 10 6 for the 1839 pennies, and we fail to see where our present price of 35 & 40 are high.

Gentlemen

Your letter of 9th inst. rec'd.

Your order is one that cannot be filled by any dealer at once, two qualifications make it so. viz, Uncirculated sharp and of one color. To accomplish this time money and patience must be used, a piece bought now and another when offered. There would be one date 1823 which you will find expensive when in the above conditions. We have many beautiful cents in the 1 per mentioned and would be glad to send them to you on approval. Please state what color you prefer.

Our stock of U.S. coins is always very fine and we have others you want and which we might have.

Awaiting your reply, we remain,

Very respectfully

Dear Sir

I am about sorry for writing
Rankels shown you a few weeks since and
said they would think 400. for it but that he would
sell 350. but this is all nonsense it is a common
picture about 20 x 32 inches - roughly painted and
may be by Birch, but as to having with any such name
as he speaks of it is ridiculous. $25. would cover its value
in our eyes and if you let it go we have but little
doubt it would open in the auction room and we
sell it for you at about the sum named - $25.

Dig those goods, I am sure will
Shall be pleased to have your order for those things

Dear Sirs.

Yours of 28th.

We note our error as to bid on lot 1446, but as to the other matter we differ with you and unless the pieces sold and described are delivered to us on lot 285 we will return it as we will not pay for goods not received. Your position in this matter is contrary to all usage among business men as it is customary to allow for errors and shortages in deliveries when notified at once which we did. I saw the Kafusa ½ crown in the lot & remember it distinctly and if it has become lost it has done so before delivery to us as the lot was not touched by us until opened with the others next day. You must be fully aware to the fact that it would be impracticable to follow your views in this matter — why how could they? Do you for one moment suppose you could sell us a lot of stamps & then go over it with the catalogue & see that it was right. We say anything about what we would be willing to do. We buy on the catalogue quotations and you are responsible to us that they will be delivered. Such are our views in the premises and we believe we are right and that they are tenable and [illegible] awaiting your reply we remain

Dear Sir:

Yours of 9th with cash. 1.20 Cr. 50 Dr. 1.25 Bal. 2.70 recd balancing a/c and for all of which we thank you. We will have in a week or so a splendid lot of early Reflex pennies some cotting as high as 50 each duo with back is there any use sending it upon approval — cash with order. Cannot see the wisdom of your policy in returning such a grand coin as the Cromwell crown unless because you are waiting for Samuel's, which by the way has no foreign coins in it at all, & then again you & every one will be made pay the full value for anything the two deeply interested parties owners of the collection go.

Messrs Mercer & Co.
Stamford. N.Y.
Dear Sirs:

Yours of 23rd rec'd.
Gold dollars are very scarce and not over 100 can just be had to day and for these 120 to 125 is asked; they were mostly small so let them pass. If you want more 121 is the figure. The other coins you ask for we think you will find in the enclosed card which we have made neat so a trucker can readily, taking off discount on each piece. While the request to deduct 4% in addition to the 10% off for the '99 cuts it down to near cost this to effect sale we will allow 4 on 1838 & 3 on 1799 & and hope you will be successful.

Yours truly

Dear Sir:

Your letter rec'd. Instead of us owing you $2 your over is $1.15 — the trade was for $30 of our coins at marked prices, no discount as that was allowed for cash and we distinctly said so when we agreed to take your 100 coins @ $30. though they were worth but 25 to us. Please remit us the $1.15 so we may balance the invoice.

Dear Sir:

If you could send check for the $7777 balance as per statement enclosed we would be obliged as we are investing ready cash in high cost coin. Lately.

Shall be pleased to have your orders for any pieces of which we have sent you or for the following past sets - the complete set of McClellan size 3 in. in diameter in tin as set on p. 50 Descriptive Catalogue.

No change for the better in the business situation - worse the past few weeks.

Hope you are well.

Can you tell us to whom to apply for permit to have space in Exposition & to try & get the exclusive right to sell medals in buildings. How will they do about such privileges? Keep this quite dark as we want to get it if possible about first.

Scott Stamp & Coin Co.

Dear Sirs:

Well here we are — we got the thief & the coin at one of the brokers where I was told go. Hudson had on his detective coat and when they were marching him to the City Hall took his picture as you see enclosed. He is the little fellow and as he said he knew you though we would send it & see if he has robbed you also. If he has & you wish to appear come on to trial — he will be given a preliminary hearing Monday at 2 PM & if you know of his stealing anything let us know. He is a regular professional & jail bird and when he came back to my store and then I grabbed him. Now as Thursday we sent them by express but found the Harrison Presidential was an error (having confused it with Harrison for Mayor) so we send a ~~Dime~~ Liberty (which must last my more) to take its place & hope it will meet with your approval. Have ordered a Gold Dollar ~~Liberty~~ Liberty Seated of another date from Mint of the State of Alabama

The 3rd express credits in our supposing we had catalogues, which I learn this morning were not prepaid, because we had no part to prepay the needs.
